2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Principal's Message

Welcome to Driffill School, where we are all "Committed to Excellence." Students, parents, and staff work collaboratively to meet the individual needs of all of our students in a very healthy learning community.

Mission: Driffill empowers children to achieve excellence.

Vision: Driffill aims to provide students with an outstanding education and promote global perspectives. Our curricular program integrates technology, environmental science, a dual language immersion program, and inquiry-based learning to deepen academic knowledge.

We hold everyone accountable for doing their personal best in and out of the school environment. Goal setting is a major part of the school-wide plan for improved student achievement. The Growth Mindset philosophy is a focus with staff and students to encourage everyone to develop to their fullest potential. Our curricular focus is in the areas of Language Arts (e.g., reading, writing, and speaking), Mathematics, and English Language Development. The implementation of the California Common Core Standards helps to ensure alignment and more purposeful instruction in all grades.

Driffill continues to strengthen our Professional Learning Communities (PLC) to improve quality Tier 1 instruction, by using multiple measures of formal (Renaissance STAR Reading and Math, IAB assessments from CAASPP, StMath, Lexia and Panorama) and informal student data to guide formulation and implementation of Tier 1 teaching and learning objectives. During PLC, DLI, grade-level, vertical and content meetings, teams use student data and prioritized state standards to

2021-22 School Overview

determine a Cycle of Inquiry focus. Driffill staff has committed to monthly assessments in order to rapidly monitor and analyze student needs. In grade level teams, teachers share data, plan lessons, break down state standards, and identify instructional strategies, in order to determine student-centered goals to meet both academic and social-emotional needs. Our academic strand focus is The School of Environmental Science and Global Awareness. Each grade level implements integrated science units. Our Dual Language Program is now up to fifth grade.

If you have any questions about our campus, please feel free to contact our Assistant Principals - Ms. Michelle Styring and Mrs. Anna Belitski, or myself. We welcome everyone to visit our school to see our wonderful academic programs.

Respectfully,
Mr. Gilbert Elizarraraz, Principal

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Oxnard School District held a Public Hearing on October 6, 2021 to certify that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are provided standards-aligned textbooks and/or instructional materials, in core subjects, for use in the classroom and to take home. All textbooks used in the core curriculum are aligned to the Common Core State Standards and are selected from the State Board of Education's list of approved instructional materials.

School Facility Conditions and Planned Improvements

Driffill School, originally constructed in 1946, is currently comprised of 38 classrooms, a cafeteria, a library, a computer lab, a staff lounge, and two playgrounds. A two-story building to house students has been built and was completed in January of 2014. This building houses 30 classrooms, a new Library, Staff Lounge and Administration offices. The most recent inspections resulted in a "Good" to "Exemplary" rating in all areas.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We encourage all parents, families, and the community to work with us as educational partners. This includes opportunities to work in and/or out of the classroom, in various capacities: as parent volunteers, the School Site Council, the English Learner Advisory Council (ELAC), Cafe con Padres, and PTA. Meetings are held at various times to accommodate schedules: morning, mid-day or evening. We have regular Family Nights, Parent Education classes, as well as parent/student conferences. Family support enables us to better meet our goals of success. Working together as a community benefits our children. Our calendar of events and meetings can be found on our website: http://driffill.oxnardsd.org/pages/Driffill_Elementary.

Additional opportunities for parents to be engaged are found in volunteering as they can support in the classrooms, school events, field trips, and participate in our fundraising efforts. Many parents participate in planned events such as Family Nights, Open House, and student performance events. In addition, parent trainings are arranged, specifically, to offer educational topics such as nutrition, safety, and parenting skills.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.08	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety of students and staff is a primary concern at Driffill School. We have a closed campus. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among classified staff, playground aides, teachers, assistant principals, and the principal.

To safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed by the Safety Committee. The Safety Plan is updated annually. All revisions and updates are reviewed immediately with the staff. Key elements of the Safety Plan focus on playground supervision, disaster kits, and emergency procedures. Emergency supplies are inventoried on a yearly basis. All classrooms have Emergency Backpacks, which include basic first aid supplies and other essentials.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake drills, and intruder/campus secure drills are held on a regular basis.

It is requested that parents update their personal information whenever they move or change phone numbers. We rely on ConnectEd, which is an electronic phone service for school-to-home communication. The principal has instituted a "Sunday Message", which is a weekly phone call to keep parents informed. Parents are required to show a photo I.D when picking children up early from the office as it's intended for the safety of all children.

Professional Development

The Oxnard School District is committed to providing professional development to all staff members in order to fully develop employee skill sets to improve instruction and enhance student outcomes.

Educators engage in professional development activities to support successful progress for our students' academic and social development. The professional development offered is grade level or content specific, addresses the current Common Core standards, social-emotional needs and is based on assessment and survey data. Professional development can include training in specific subject areas, general academics, instructional strategies, pedagogy, curricular materials, social behavior, technology and job-embedded activities related to the California Standards for the Teaching Profession. The district also provides a support program for new teachers in cooperation with our County Office of Education (Induction).

District and site administrators also attend workshops in curriculum, performance assessment, interventions, technology, supervision, evaluation, and leadership. Classified employees receive training based on the specific needs of their assignment.

In addition to the district-wide staff development (non-student) days (2 per year), the district also provides numerous professional development opportunities throughout the year, after school, and on weekends. In this report, the number of days indicated for the district includes the number of days teachers were provided substitutes in order to attend professional development. For the 2020-2021 and 2021-2022 school years, substitutes were not provided due to staffing shortages and restrictions caused by the pandemic.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
