

COVID-19 Pfizer Vaccination Clinic

(Adults and Children ages 5 and up)

1st Dose, 2nd Dose and Booster

COVID-19 vaccines are the best way to limit disruptions in our learning community and we want you all to be fully protected and keep you well. Fully vaccinated students may remain in school and avoid interruptions to in-person education, even if they are exposed to someone with COVID-19, so long as they remain without symptoms. The vaccines being offered will be Pfizer vaccines only (both pediatric and adult formulations). Booster doses (again only Pfizer vaccine brand) will also be available for staff at that time.
