Email Address

### **Statement of Purpose**

It is the goal of the Oxnard School District to implement this Integrated Pest Management (IPM) Plan by focusing on long-term prevention or suppression of pest through accurate pest identification, by frequently monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation, mechanical, and physical controls. This includes the use of environmentally sensitive pest management strategies and least-toxic control methods. Pesticides that are effective will be used in a manner that minimizes risk to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to:

- 1) Protect the health and safety of the students and staff
- 2) Maintain a productive learning environment
- 3) Maintain the integrity of the school buildings and grounds.

### **IPM Team**

<b>District Title</b>	<b>Role in IPM program</b>
Suzanne Lugotoff	Child Nutrition Services Director
Child Nutrition Worker(s)	Monitor and Reporting
Grounds Specialist(s)	Applications, Inspections, and Monitoring
Equipment Operator(s)	Applications, Inspections, and Monitoring
Grounds Maintenance Worker(s)	Applications, Inspections, and Monitoring

## Pest Management Contracting

- Pest management services are contracted to a licensed pest control business.  
**Ventura Pest Control**      **www.venturapest.com**
- Prior to entering into a contract, the school district has confirmed that Ventura Pest Control understands the training requirement and other requirements of the Healthy Schools Act.

## Pest Identification, Monitoring and Inspection

- Pest Identification is done by: Combination of District staff and the vendor(s) the District contracts with.
- Monitoring and inspecting for pest and conditions that lead to pest problems are done regularly by Custodial and Maintenance Staff and the results are communicated to the IPM Coordinator.

## Pests and Non-chemical Management Practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants	X	X	X			X		Clean area, Soapy water
Bees			X		X			Removal, Soapy water
Wasp		X	X		X			Removal
Birds	X		X	X				Screens, Removal of food(if applicable)
Mice/Rats	X		X	X		X		Clean area, remove any food
Roaches	X	X	X	X		X		Clean area, remove any food
Spiders			X					Remove webs and botanicals
Fleas								Vacuum carpets
Weeds		X			X		X	Manual removal

## Chemical Pest Management Practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Weed Slayer	Clove Oil	Weeds
Avian Migrate	Anthranilate	Geese
Termidor SC	Fipronil	Termites-Ants
Premise Foam	Imidacloprid	Termites
Boracare	Disodium Octaborate Tetrahydrate	Termites
Cy-Kick	Cyfluthrin	Assorted Insects
Gentro IGR	Hydropene	Fleas
Fusilade II	Fluazifop-P-butyl	Grass Weeds
Fertilizer w/Trimec (Weed and Feed)	2,4-dichlorophenoxyacetic acid	Broadleaf Grass Weeds
Delta Dust	Deltamethrin	Ants, Wasp, Cockroaches, & Misc. Insects(Per Label)

## Healthy Schools Act

- This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act.

(Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

## Training

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

## Submittal of pesticide use reports

- Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt<sup>1</sup> from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at [www.cdpr.ca.gov/schoolipm](http://www.cdpr.ca.gov/schoolipm). (Education Code Section 16711)

## Notification

This school district has made this IPM plan publicly available by the following method:

- This IPM plan can be found online at the following web address: [www.Oxnardsd.org](http://www.Oxnardsd.org)
- This IPM plan is sent out to all parents, guardians and staff annually.

## Review

- This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

Date of next review: 7/1/2020

*I Marcos Lopez acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.*

## Annual Notification Form

Dear Parent or Guardian,

The Healthy Schools Act requires all California school districts to notify parents and guardians of pesticides they expect to apply during the year. We expect to use the following pesticides in you school this year:

<b>Name of Pesticide (Common Name)</b>	<b>Active Ingredient(s)</b>	<b>Weeds or Pest Controlled</b>
Weed Slayer	Clove Oil	Weeds
Avian Migrate	Anthranilate	Geese
Termidor SC	Fipronil	Termites-Ants
Premise Foam	Imidacloprid	Termites
Boracare	Disodium Octaborate Tetrahydrate	Termites
Cy-Kick	Cyfluthrin	Assorted Insects
Gentro IGR	Hydropene	Fleas
Fusilade II	Fluazifop-P-butyl	Grass Weeds
Fertilizer w/Trimec (Weed and Feed)	2,4-dichlorophenoxyacetic acid	Broadleaf Grass Weeds
Delta Dust	Deltamethrin	Ants, Wasp, Cockroaches, & Misc. Insects(Per Label)

You can find more information regarding these pesticides and the pesticide use reduction at the Department of Pesticide Regulation's Web site at [www.cdpr.ca.gov](http://www.cdpr.ca.gov)

You may view a copy of the district's integrated pest management plan in the school site office.

It is located online at [www.Oxnardsd.org](http://www.Oxnardsd.org)
