

Policy 5148.2: Before/After School Programs

Status: ADOPTED

Original Adopted Date: 11/02/2011 | **Last Revised Date:** 08/03/2022 | **Last Reviewed Date:** 08/03/2022

Pursuant to Education Code 8483.7 and 8483.75, as amended by SB 638 (Ch. 380, Statutes of 2006), each ASES program must provide cash or in-kind local matching funds, equal to at least one-third of the total grant, from the school district, governmental agencies, community organizations, or the private sector. Expanded Learning Opportunity Program (ELOP) funds may be used to calculate matching funds as allowed by the California Department of Education Expanded Learning Division. Categorical funds for remedial education activities may not be used as matching funds, and facilities or space usage may not fulfill more than 25 percent of the match requirement.

The Governing Board desires to provide before-school and/or after-school enrichment programs that support the regular education program in a supervised environment. In order to increase academic achievement of participating students, the content of such programs shall be coordinated with the district's vision and goals for student learning, local control and accountability plan, curriculum, and academic standards.

The district's program shall be planned through a collaborative process that includes parents/guardians, students, representatives of participating schools, governmental agencies including city and county parks and recreation departments, local law enforcement, community organizations, and, if appropriate, the private sector. (Education Code 8422, 8482.5)

To the extent feasible, the district shall give priority to establishing before-school and/or after-school programs in low-performing schools and/or programs that serve low-income and other at-risk students.

Any After School Education and Safety Program (ASES), 21st Century Community Learning Center Program (21st CCLC), 21st Century High School After School Safety and Enrichment for Teens Program (ASSETs), or other program to be established pursuant to Education Code 8421, 8482.3 or 8484.75 shall be approved by the Board and the principal of each participating school.

The Superintendent or designee shall ensure that all staff who directly supervise students in the district's before-school and/or after-school program possess appropriate knowledge and experience. As needed, staff and volunteers shall receive ongoing training related to their job responsibilities.

Each program shall include academic and enrichment elements in accordance with law and administrative regulation. In addition, each program may include support services that reinforce the educational component and promote student health and well-being.

No fee shall be charged for participation in the program.

The Board and the Superintendent or designee shall monitor student participation rates and shall identify multiple measures that shall be used to evaluate program effectiveness. Such measures may include, but are not limited to, student outcome data; program self-assessments; feedback from staff, participating students, and parents/guardians; and observations of program activities.

Every three years, the Superintendent or designee shall review the after-school program plan, including,

but not limited to, program goals, program content, and outcome measures. Documentation of the program plan shall be maintained for a minimum of five years.
