**Senate Bill 187: Comprehensive School Safety Plan Purpose**

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy (electronic or paper) of the Comprehensive School Safety Plan is provided yearly to the following:

- School staff
- Parents
- After-school program staff
- Oxnard Police Department
- Oxnard Fire Department
- Early Childhood Education staff
- Volunteer Coaches

A copy of the Comprehensive School Safety Plan is available for review online at [www.oxnardsd.org](http://www.oxnardsd.org) or in the James Driffill Elementary School’s office.

Safety Plan Vision
At Driffill Elementary School, we believe all students deserve an education that incorporates a comprehensive curriculum, requiring critical thinking and the use of educational technology, where a safe environment, safety and climate are regularly addressed and reviewed. We believe students should be actively involved in a respectful, caring, safe and cohesive educational community.

Assessment of School Safety
Members of the Safety Committee continuously conduct a series of security and safety inspections of the campus, specifically considering health and safety regulations outlined by the state of California and Ventura County Department of Public Health. The committee has considered safe entry and exits of students, staff, and visitors at all times of the day.

The Principal and Oxnard Police conducted a security inspection of the campus at the beginning of the year. The Principal and the Lead Custodian also conduct monthly safety checks and inspections. Minor changes (such as repairs) are made immediately. In contrast, when relevant, major changes are recommended to the site leadership team for discussion and planning with stakeholders, including staff and parent groups. When a major change is made, all stakeholders are informed of the change through verbal and/or written communication.

To ensure that students engage in safe behavior, the school implements a Positive Behavioral Interventions and Supports (PBIS) system and a schoolwide protocol that communicates positive behavior expectations for in-person or distance learning participation. Driffill and OSD provide necessary positive behavior management training for staff. Students are held to high behavior expectations, and teachers reinforce expected behaviors in their classrooms. A progressive discipline system is applied when expectations are not met following a positive behavior intervention protocol.

The safety committee meets regularly to review all safety and security procedures, including health and wellness procedures. The committee makes recommendations and enacts changes as necessary. Members of the Driffill safety committee review and discuss procedures to be followed by students and staff during emergencies and also conducts an annual inventory of emergency equipment and replace supplies as needed, including emergency buckets and emergency classroom backpacks. The Emergency Operation Plan and School Safety Plans are reviewed and discussed annually. During in-person learning, the Principal conducts schoolwide safety drills, including a schoolwide evacuation drill. The Oxnard Police Department is present for the whole school evacuation drill.

The committee also reviews school data, including office referrals, attendance rates, suspension and expulsion rates, and local law enforcement juvenile crime data. These findings are shared annually with stakeholders during staff meetings and at parent committee meetings. Property damage and other safety issues related to facilities are reported to the administration and are resolved by the lead custodian or through the OSD Facilities Department work order process.

The Risk Management Department from the District conducts a safety inspection of the campus and recommends necessary changes. Changes are implemented by either school personnel or district personnel.

The Oxnard Traffic Police are called periodically to observe the traffic patterns during arrival and dismissal to ensure drivers obey traffic laws and parking regulations.
Adults who are not employees of OSD are not allowed on campus at any time without checking in at the office, completing the Covid-19 screening process, and obtaining a visitor’s badge. All visitors signing out a student must show a valid I.D. and be listed as an approved adult for student check-out.

**Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)**

The following strategies and programs are consistent with California educational code 32281 and reflect the school’s commitment to safety within the following areas:

**(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)**

**GENERAL**
As stated in the Board Policy (BP 5141.4), “District employees shall report known or suspected incidence of child abuse in accordance with district regulations and state law. Employees shall fully cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse.”

When an employee suspects child abuse, the employee shall immediately meet and discuss the situation with a school counselor or an administrator. Information will be noted (name of person making report, name of child, present location of child, nature and extent of injury, and all other pertinent information.) At that time the counselor or administrator will assist the employee in making a call to Children and Family Services (654-3200) or the local Police Department (Oxnard 385-7600, Sheriff’s Dept. 654-2311). The counselor or administrator will make note of time, date and name of official contacted. The employee will then complete and mail the required written report to the local Children and Family services agency. The counselor or assistant principal will notify the principal.

Employees (mandated reporters) have absolute immunity and are not liable for filing a required report. If a mandated reporter does not wish to disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the district without his/her signature or name after making the required call to Children and Family Services or appropriate law enforcement agency. Mandated reports of sexual activity must be reported to either the Department of Children and Family Services (DCFS) or to the appropriate police jurisdiction. This information will then be cross-reported to the other legal agency.

School manager either mails or faxes over the completed abuse form to CFS within 36 hours of the report. School office manager gives a copy to principal and to the Oxnard School District Superintendent.

STAFF TRAINING
All Oxnard School District staff who work with students are trained annually in regard to child abuse. New employees are trained upon being hired. Employees receive training on their legal obligation under law regarding mandated reporting. Employees also receive training to recognize signs and symptoms of child abuse.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

GENERAL
This Plan addresses the Oxnard School District’s responsibilities in emergencies associated with natural disaster, human-caused emergencies and technological incidents. It provides a framework for coordination of response and recovery efforts within the District in coordination and with local, State, and Federal agencies. The Plan establishes an emergency organization to direct and control operations at all sites during a period of emergency by assigning responsibilities to specific personnel. This Plan:

- Conforms to the Federally mandated National Incident Management System (NIMS), State mandated Standardized Emergency Management System (SEMS) and effectively restructures emergency response at all levels in compliance with the Incident Command System (ICS).
- Establishes response policies and procedures, providing Oxnard School District clear guidance for planning purposes.
- Describes and details procedural steps necessary to protect lives and property.
- Outlines coordination requirements.
- Provides a basis for unified training and response exercises to ensure compliance.

OBJECTIVES
- Protect the safety and welfare of students, employees and staff.
- Provide for a safe and coordinated response to emergencies.
- Protect the District’s facilities and properties.
- Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for interface and coordination between sites and the District Emergency Operations Center (EOC).
- Provide for interface and coordination between sites and the County or city EOC in which they reside.
- Provide for the orderly conversion of pre-designated District sites to American Red Cross shelters, when necessary.

Schools are required by both federal statute and state regulation to be available for shelters following a disaster. The American Red Cross (ARC) has access to schools in damaged areas to set up their mass care facilities, and local governments have a right to use
schools for the same purposes. This requires close cooperation between school officials and ARC or local government Representatives, and should be planned and arranged for in advance.

In an Emergency Building Evacuation, all employees will:
- Upon emergency alert, secure work area and depart/report to assigned area.
- Perform duties as pre-assigned by the Principal in cooperation with emergency services personnel.
- DO NOT re-enter the building without permission or request of emergency service authorities.
- Remain in the general assembly areas and calm students if not assigned another duty.
- When signaled to re-enter safe areas of the school, quickly do so.
- Upon safe re-entry, report anything amiss to the Operations Chief.

In an Emergency Building Evacuation, teachers will also:
- Upon alert, assemble students for evacuation using designated routes and account for all students.
- Secure room.
- If possible, leave a note on the door advising where the class evacuated to if other than the standard assembly area.
- Upon arrival at the assembly area, account for all students.
- Secure medical treatment for injured students.
- Report any students missing or left behind because of serious injuries.
- Stay with and calm students.
- If signaled to re-enter school, assure students do so quickly and calmly.
- Account for all students.
- Check room and report anything amiss to the Team Leader and/or Operations Chief.
- Debrief students to calm fears about the evacuation.

In an Emergency Campus Evacuation:
If it is necessary to evacuate the entire campus to another school or relief center, the Principal will:
- Notify the Superintendent of the Campus Evacuation.
- Cooperate with emergency authorities in enlisting students/staff with cars to help transport evacuees.
- Direct the evacuation, assure all students/staff are accounted for as they depart and arrive.

Dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student.

- Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise.
- In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.
- During an emergency period or condition created by disaster, occurrence students may only be released to parent, guardian or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

Emergency Announcements will be provided on the following radio stations:

CALIFORNIA EMERGENCY SERVICES ACT (CHAPTER 7, DIVISION 1, TITLE 2, CALIFORNIA GOVERNMENT CODE)
The Act provides the basic authorities for conducting emergency operations following a proclamation of Local Emergency, State of Emergency, or State of War Emergency by the Governor and/or appropriate local authorities, consistent with the provisions of this Act.

CALIFORNIA GOVERNMENT CODE, SECTION 3100, TITLE 1, DIVISION 4, CHAPTER 4.
States that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed.

The law applies to public school employees in the following cases:
- When a local emergency is proclaimed.
- When a state of emergency is proclaimed.
- When a federal disaster declaration is made.

The law has two ramifications for School District employees:

1. It is likely that public school employees are pressed into service as Disaster Service Workers by their superiors, and may be asked to do jobs other than their usual duties for periods exceeding their normal working hours.

2. When pressed into disaster service, employees' Workers' Compensation Coverage becomes the responsibility of state government (OES), but their overtime pay is paid by the school. These circumstances apply only when a local or state emergency is declared. States that (the Governor’s Office of Emergency Services has stated) inadequately trained school staff render school officials potentially liable for acts committed or omitted by school staff acting within the scope of their training during or after a disaster. (Sub Sections 835-840.6). It requires that school districts be prepared to respond to emergencies using SEMS. (Section 8607, the Petris Bill).

CALIFORNIA CIVIL CODE, CHAPTER 9, SECTION 1799.102
It provides for "Good Samaritan Liability" for those providing emergency care at the scene of an emergency. ("No person, who, in good faith and not for compensation, renders emergency care at the scene of an emergency, shall be liable for any civil damages resulting from any act or omission. The scene of an emergency shall not include emergency departments and other places where medical care is usually offered.")

PUBLIC AGENCY USE OF SCHOOL BUILDINGS FOR EMERGENCY SHELTERS
Procedures are in place to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

AFTER SCHOOL PROGRAM
The after-school program staff is trained annually in regard to disaster response. The District maintains a full-time After School Program Manager, who oversees safety training and disaster preparedness for the program. The After School Program Manager ensures that the following safety components are addressed within the after-school program environment:
- Elements of a safe and orderly environment
- Emergency evacuation procedures
- Student release procedures
- Incident Command Team responsibilities
- Child abuse reporting
- Rules, expectations and consequences
- Non-discrimination and harassment reporting

TRAINING
All staff are trained annually in regard to disaster procedures within the Comprehensive School Safety Plan and the District’s Emergency Operations Plan. The school conducts monthly safety drills for fire and earthquake. The school also conducts a lockdown security drill at a minimum of once yearly within the first month of school under the direction of the School Resource Officer.

FOR DISASTER PLAN PROTOCOLS AND PROCEDURES (SEE APPENDICES).
The Oxnard School District Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student’s presence causes a continuing danger to himself/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

STUDENT DUE PROCESS
The board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

ALTERNATIVES TO SUSPENSION / OPTIONS
All schools within the Oxnard School District may establish a suspension program, which involves progressive discipline during the school day on campus, conferences, detention, student study team, referral to support services staff and/or other resources including District.

REQUIRED PARENTAL ATTENDANCE
The teacher of the class from which the student was suspended may require the parent/caregiver to attend a portion of a school day in the classroom in coordination with the principal and in accordance with all related policies/regulations for implementing this school suspension option.

DEFINITIONS
Suspension from school means removal of a student from ongoing instruction for adjustment purposes. Expulsion means removal of a student from the immediate supervision and control, or the general supervision of school personnel.

NOTICE OF REGULATIONS
At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. Transfer students and their parents/guardians shall be notified at the time of enrollment. (Education Code 35291.5, 48900.1, 48980)

BULLYING
CALIFORNIA STATE LAW REGARDING BULLYING
Right to Safe Schools. All students and staff of public primary, elementary, junior high, senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure and peaceful.

AB 9 – Seth’s Law
Requires schools to establish policies to prevent bullying and to address and be responsive to complaints about bullying.

- Requires school districts to include in its non-discrimination policy a detailed list where discrimination, harassment, intimidation, and bullying are prohibited under existing law—actual or perceived sexual orientation, gender, gender identity expression, race or ethnicity, nationality, religion, disability, or association with a person or group with one or more of these actual or perceived characteristics.
- Requires each school districts non-discrimination policy to describe the district’s procedure for addressing discrimination and harassment complaints; and be publicized in places for student and parental access.
- School districts are to strengthen professional development curricula for teachers, school counselors, and administrators with instruction on identifying and stopping discrimination and harassment and creating a school-wide culture of inclusion and respect for differences.
AB 746 - Cyber bullying.
Existing law, the Interagency School Safety Demonstration Act of 1985, defines bullying as one or more acts of sexual harassment, hate violence, or intentional harassment, threats, or intimidation, directed against school district personnel or pupils, committed by a pupil or group of pupils. Under existing law, bullying, including bullying committed by means of an electronic act, as defined, is a ground on which suspension or expulsion may be based. This bill would specify that an electronic act for purposes of the act includes a post on a social network Internet Web site.

AB 1156 – Bullying In Schools
Redefines California anti-bullying law by expanding the definition of bullying and linking it to academic achievement. It will also strengthen policies and procedures to reduce bullying in schools and keep students safe.

- Requires training of school site personnel in the prevention of bullying
- Links bullying to academic achievement
- Gives victims of bullying priority for school transfer, if requested
- Encourages school districts and county offices of education to include policies and procedures on the prevention of bullying in the school safety plan

The safety Committee continuously assesses the school’s needs regarding the safe ingress and egress of students and staff. When working collaboratively with all stakeholders, parent concerns and ideas are considered when making changes to improve student/campus safety.

During the 22-23 school year, all staff must complete a Covid-19 screening process when feeling ill before entering the campus. The Covid-19 screening procedures are developed and reviewed by the OSD Risk Management Department. Students enter and exit campus through grade-level-specific gates to reduce overcrowding and contact.

During the current 22-23 school year, all staff are required to report any COVID-19-positive cases and follow the district protocol as provided by OSD Risk Management.

Parents/Guardians are asked to provide emergency contact information for their children at the beginning of the year. They are asked to update as soon as possible when contact information changes. Parents/Guardians are responsible for providing the school with legal/custodial paperwork regarding a student. The legal documents are attached to the student’s emergency card and will be followed accordingly.

The Principal will send a phone message to all parents to update and to explain any changes for ingress and egress for the week through Blackboard. CANVAS is also used to inform staff, parents, and students.

TARDY/LATE POLICY

Comprehensive School Safety Plan 20 of 48 1/30/23
A student is considered tardy to class if he/she is not in his/her seat when the bell rings.

- A student is considered truant tardy at 8:40 a.m. *A Truant Tardy is when students arrive at school 30 minutes late. When a student is determined to have excessive truant tardies, he /she may be assigned office detention, and a parent/student conference with school officials will be held to sign an Attendance Contract to foster improved attendance.
- An “excused tardy” will be assigned when parents have called the school with a valid excuse, such as a doctor or dentist’s appointment. Please bring copies of doctor/dental notes.
- Oversleeping, missing the bus, etc., are not valid reasons for an “excused tardy.”
- If a student is habitually late or absent from school, various measures may be taken, including an alternate placement and referral to SARB (School Attendance Review Board).

• Facilitate two-way communication opportunities between families and school, ensuring a high-quality instructional climate.
• Promote knowledge and teach expectations helping students to become self-respecting, contributing, successful, and college/ready.

PHILOSOPHY

A student’s education depends on a “team” effort involving the student, families, and school personnel. Each team member has specific responsibilities which must be met if the educational experience is to have the greatest positive results. Students, families, and teachers are encouraged to maintain an ongoing dialogue about the standards for personal conduct in relation to life at school. We want to be an extraordinary place of safety and an environment that fosters a positive opportunity for everyone.

Expectations of Students

• Attend school regularly and be on time for each class.
• Know and obey school rules and regulations.
• Be courteous and respectful to school personnel, fellow students, and the public in general.

Student Conduct, Concerns, and Consequences:

Student conduct, which prevents students from learning or teachers from teaching, will not be tolerated. We have established clear consequences for behavior that interferes with learning, including using social media on and off campus. Additionally, rewards for positive behavior are implemented to encourage all students to maintain appropriate personal conduct. We provide classroom instruction in personal and social skills, incorporating the teaching of school rules and making wise choices in the prevention of discipline incidents. Students learn that a consequence will result when they violate a school or classroom standard. Disruptive, disrespectful behavior or harassment will not be tolerated. Students are not to endanger others, continually disregard rules or repeatedly interfere with others’ right to learn.

Note: Students may be disciplined for acts related to school activities or attendance which occur at any time, including:
• While on school grounds;
• While going to or coming from school;
• During the lunch hour, whether on or off campus;
• During, going to, or coming from a school-sponsored activity.
• While participating in Distance Learning activities and classes.

Other causes of disciplinary action:
• Deliberate littering of school premises;
• Chewing gum while at school;
• Using electronic devices during times when use is not allowed or to cause a disturbance.
• Not adhering to the school dress code;
• Making bomb threats or false fire alarms;
• Setting fires or using explosive devices which threaten or cause damage to human life or property on school grounds or at school-sponsored events;
• Habitual tardiness/truancy;
• Forging parents’ signatures or school documents (CAC 306).

Consequences
After rules are taught, students may be counseled by their teacher, aide, or principal for a first and second infraction. Parents may be notified in writing and/or by telephone call for repeated infractions by the student’s teacher and/or principal. After counseling, students will lose privileges and may receive detentions for repeated infractions.

Continued infractions may require a parent conference with the student’s teacher and/or principal. Serious infractions may result in immediate suspension and/or recommendation for expulsion for the student.

Positive Reinforcements
Incentives are used to promote exemplary student conduct.

SCHOOL RULES AND PROCEDURES IMPLEMENTATION RESPONSIBILITIES

Expectations:
• Basic rules are reviewed with students by classroom teachers at the beginning of each year.
• Basic school rules are sent home yearly, in written form, for parental review.
• Students will be held responsible for their conduct.
• Parents will be responsible for providing and supporting an environment conducive to their child(ren)’s success.
• Teachers will cooperate with other staff in enforcing school rules and helping students understand the benefits of choosing a behavior that shows respect for other people and property.
• The principal will establish and enforce rules that conform to district procedures and foster safety and good citizenship.

All community members are encouraged to maintain an ongoing dialogue about personal conduct and school safety standards.

Safety Plan Review, Evaluation and Amendment Procedures

At Driffill School, the administrative team reviews the School Safety Plan and recommends edits and/or additions to stakeholders during meetings. Initial recommendations and edits are reviewed with the Leadership Team, ELAC, PBIS, Café Con Padres, Staff, School Site Council, and the School Safety Committee during the fall semester. Data are then reviewed on a monthly basis to identify and address the needs of the school as related to the Safety Plan and any further changes and recommendations are reviewed with the entire staff, parents, and community stakeholders at meetings held throughout the school year. The Safety Plan is reviewed and revised during the first semester of the school year and is approved by the Safety Committee and the School Site Council before it is submitted to the OSD board for approval in February.
