### Senate Bill 187: Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy (electronic or paper) of the Comprehensive School Safety Plan is provided yearly to the following:

- School staff
- Parents
- After-school program staff
- Oxnard Police Department
- Oxnard Fire Department
- Early Childhood Education staff
- Volunteer Coaches

A copy of the Comprehensive School Safety Plan is available for review online at [www.oxnardsd.org](http://www.oxnardsd.org) or in the Elm Street School’s office.

Safety Plan Vision
Elm Street School Mission - To ensure that all students receive a high quality education from fully qualified caring teachers whose research-based practices help them connect with the 21st century expectations through the arts, sciences, and technology.

Elm Street School Vision - To establish a safe, professional bilingual learning community where educators use data to drive instruction, collaborate toward common goals, and work with families, students, and community members toward becoming successful contributing members of society, while addressing the needs of the whole child.

Staff members at Elm Street School commit to the following:

We also realize that in order to provide students with a successful and safe learning environment, we must implement a comprehensive safe school plan. This plan focuses on implementing a safe school curriculum with an emphasis on good moral character development, social skills, and camaraderie/good-fellowship. We are actively continuing the implementation of our comprehensive school-wide discipline system and CHAMPS each school year.

Assessment of School Safety
Oxnard Police Department provided an Active Assailant Video and provided Principal with a training. Principal provided Active Assailant Video to entire Staff to review prior to conducting a Priority 2 Lockdown Drill.

The Risk Management Department from the District conducts a Safety Inspection of each campus each year. A report is submitted and necessary changes are made by either school personnel or district personnel.

The Lead Custodian and the Principal conduct a monthly safety inspection and submit reports to the District Office.

Any safety issues are reported by staff to Lead Custodian and Administration as they are noticed to be handled by the Lead Custodian or through work orders to the District Office.

Office Referrals can be forwarded to site PBIS Committee for review and assessment. The PBIS team will meet as needed to ensure consistent communication. The administrator, along with the Attendance Technician and Outreach Coordinator, review site attendance rates.

The Safety Committee reviewed and discussed procedures to be followed by staff and students during emergencies.

The following strategies were discussed to address the needs of the School Safety Assessment:

- Drills
  The Lead Custodian and the principal conduct monthly safety inspections. Any safety issues reported by staff to Lead Custodian and informing administration. The safety issues can than be handled by the Lead Custodian or through work orders to the district office.
  Monthly fire drills, quarterly earthquake drills, and quarterly lockdown drills are conducted.

- Traffic/ Safety Enforcement and Communication:
  Oxnard Traffic Police are called periodically to observe the traffic patterns during arrival and dismissal to ensure drivers are obeying traffic patterns. The principal communicates with the community via meetings, letters, and Blackboard Connect-ed phone messaging system regarding reminders for safety and traffic regulations. The site safety committee meets regularly to review all safety and security procedures and make any necessary recommendations and changes.

- Repairs
  Minor repairs are made immediately through the lead custodian or work orders placed through the District Office. Major changes may need to go through a process involving input from stakeholders which include the school's leadership team, safety committee, staff, and parent groups.

- Behavioral Expectations/Discipline and Consequences:
In order to ensure that students engage in safe behavior the school implements CHAMPS positive behavior support program. We are in full implementation of the CHAMPS Behavior Management System each school year at Elm Street School. We are confident that this system will continue to provide school-wide behavioral expectations, as well as discipline and consequences for all students in grades TK through 5th. We have developed school-wide rules for the cafeteria, office, restrooms, hallways, library, and assemblies. CHAMPS also has a classroom component that allows teachers the flexibility to use the spirit of CHAMPS in their classrooms, while customizing the specific rules of each teacher/class. Students are expected to follow the rules and teachers reinforce the rules in their classrooms. Consequences are applied when the expectations are not adhered to.

- Emergency Supplies:
  We conduct an annual inventory of emergency equipment and replace supplies as needed, including emergency buckets and emergency classroom backpacks. The Emergency Operations Plan is updated annually and we have first aid supplies and a search and rescue plan in place.

- Information/Awareness
  Through the district, staff are trained in the Emergency Operations Plan. The safety committee meets regularly to review all safety and security procedures and makes any necessary recommendations and changes.

- Internal Security Procedures/Student Security-Closed Campus:
  We have dedicated many hours of preparation and training to developing a response to emergency situations. We have worked with our local police department to review and practice current lockdown procedures. We have decided that practicing these lockdown procedures at minimum of three times a year will prepare students and staff for this emergency situation. We also discuss fire drills and continue to evaluate, update and implement evacuation route/gathering area where the entire student body can be monitored at the same time. It was also decided that monthly drills will keep us aware of any situations that may arise. As a staff we have also reviewed procedures for earthquakes and other natural disasters that may or may not require evacuation. We have also reviewed procedures for sign-in and identification of both district and non-district personnel sighted on campus before, during, and after school. They are asked what their needs are and given a visitor's pass so they may access the area of campus they need. Elm St. School is a closed campus. All individuals, parents, guests, and visitors are to sign-in at the school office upon arrival on site. All adults picking up students before regular dismissal are required to be on the student’s emergency card, be of 18 years of age and produce a valid ID.

- Ingress/Egress Routes:
  Security measures are implemented by having a closed campus. It was decided by staff that designated ingress and egress routes continue and a closed campus also continue to be implemented. The school site opens Fir St. gate from 7:30-8:00 a.m. to allow students access at the beginning of the school day; ingress. The front office will also be available at this time to allow parents access to campus after they have signed in and received a visitor’s badge. Buses will drop off students at the Fir St. gate during this time. Buses will pick up Kindergarten students on Fir St., but first through fifth grade students will be picked up on Montrose. The same access points will be available for first through third during egress, from 2:15-2:25 pm. Fourth and Fifth grade students egress on Elm St. at Blacktop area. At Elm, we have five campus supervisors assigned to supervising and monitoring students before school, during recesses, lunches, and after school for the safety of all students.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

The following strategies and programs are consistent with California educational code 32281 and reflect the school’s commitment to safety within the following areas:

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

When an employee suspects child abuse, the employee shall immediately meet and discuss the situation with a school counselor or an administrator. Employees receive training on their legal obligation under law regarding mandated reporting. Employees also receive training to recognize signs and symptoms of child abuse.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

GENERAL
This Plan addresses the Oxnard School District’s responsibilities in emergencies associated with natural disaster, human-caused emergencies and technological incidents. It provides a framework for coordination of response and recovery efforts within the District in coordination and with local, State, and Federal agencies. The Plan establishes an emergency organization to direct and control operations at all sites during a period of emergency by assigning responsibilities to specific personnel. This Plan:

- Conforms to the Federally mandated National Incident Management System (NIMS), State mandated Standardized Emergency Management System (SEMS) and effectively restructures emergency response at all levels in compliance with the Incident Command System (ICS).
- Establishes response policies and procedures, providing Oxnard School District clear guidance for planning purposes.
- Describes and details procedural steps necessary to protect lives and property.
- Outlines coordination requirements.
- Provides a basis for unified training and response exercises to ensure compliance.

OBJECTIVES
- Protect the safety and welfare of students, employees and staff.
- Provide for a safe and coordinated response to emergencies.
- Protect the District’s facilities and properties.
- Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for interface and coordination between sites and the District Emergency Operations Center (EOC).
- Provide for interface and coordination between sites and the County or city EOC in which they reside.
- Provide for the orderly conversion of pre-designated District sites to American Red Cross shelters, when necessary.

Schools are required by both federal statute and state regulation to be available for shelters following a disaster. The American Red Cross (ARC) has access to schools in damaged areas to set up their mass care facilities, and local governments have a right to use schools for the same purposes. This requires close cooperation between school officials and ARC or local government Representatives, and should be planned and arranged for in advance.

In an Emergency Building Evacuation, all employees will:
- Upon emergency alert, secure work area and depart/report to assigned area.
- Perform duties as pre-assigned by the Principal in cooperation with emergency services personnel.
- DO NOT re-enter the building without permission or request of emergency service authorities.
- Remain in the general assembly areas and calm students if not assigned another duty.
- When signaled to re-enter safe areas of the school, quickly do so.
- Upon safe re-entry, report anything amiss to the Operations Chief.

In an Emergency Building Evacuation, teachers will also:
- Upon alert, assemble students for evacuation using designated routes and account for all students.
- Secure room.
- If possible, leave a note on the door advising where the class evacuated to if other than the standard assembly area.
- Upon arrival at the assembly area, account for all students.
- Secure medical treatment for injured students.
- Report any students missing or left behind because of serious injuries.
• Stay with and calm students.
• If signaled to re-enter school, assure students do so quickly and calmly.
• Account for all students.
• Check room and report anything amiss to the Team Leader and/or Operations Chief.
• Debrief students to calm fears about the evacuation.

In an Emergency Campus Evacuation:
If it is necessary to evacuate the entire campus to another school or relief center, the Principal will:
• Notify the Superintendent of the Campus Evacuation.
• Cooperate with emergency authorities in enlisting students/staff with cars to help transport evacuees.
• Direct the evacuation, assure all students/staff are accounted for as they depart and arrive.

Dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student.

• Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise.
• In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.
• During an emergency period or condition created by disaster, occurrence students may only be released to parent, guardian or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

CALIFORNIA EMERGENCY SERVICES ACT (CHAPTER 7, DIVISION 1, TITLE 2, CALIFORNIA GOVERNMENT CODE)
The Act provides the basic authorities for conducting emergency operations following a proclamation of Local Emergency, State of Emergency, or State of War Emergency by the Governor and/or appropriate local authorities, consistent with the provisions of this Act.

CALIFORNIA GOVERNMENT CODE, SECTION 3100, TITLE 1, DIVISION 4, CHAPTER 4.
States that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed.

The law applies to public school employees in the following cases:
• When a local emergency is proclaimed.
• When a state of emergency is proclaimed.
• When a federal disaster declaration is made.

The law has two ramifications for School District employees:
1. It is likely that public school employees are pressed into service as Disaster Service Workers by their superiors, and may be asked to do jobs other than their usual duties for periods exceeding their normal working hours.
2. When pressed into disaster service, employees' Workers' Compensation Coverage becomes the responsibility of state government (OES), but their overtime pay is paid by the school. These circumstances apply only when a local or state emergency is declared. States that (the Governor's Office of Emergency Services has stated) inadequately trained school staff render school officials potentially liable for acts committed or omitted by school staff acting within the scope of their training during or after a disaster. (Sub Sections 835-840.6). It requires that school districts be prepared to respond to emergencies using SEMS. (Section 8607, the Petris Bill).

**CALIFORNIA CIVIL CODE, CHAPTER 9, SECTION 1799.102**
It provides for “Good Samaritan Liability” for those providing emergency care at the scene of an emergency. (“No person, who, in good faith and not for compensation, renders emergency care at the scene of an emergency, shall be liable for any civil damages resulting from any act or omission. The scene of an emergency shall not include emergency departments and other places where medical care is usually offered.”)

**PUBLIC AGENCY USE OF SCHOOL BUILDINGS FOR EMERGENCY SHELTERS**
Procedures are in place to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

**AFTER SCHOOL PROGRAM**
The after-school program staff is trained annually in regard to disaster response. The District maintains a full-time After School Program Manager, who oversees safety training and disaster preparedness for the program. The After School Program Manager ensures that the following safety components are addressed within the after-school program environment:

- Elements of a safe and orderly environment
- Emergency evacuation procedures
- Student release procedures
- Incident Command Team responsibilities
- Child abuse reporting
- Rules, expectations and consequences
- Non-discrimination and harassment reporting

**TRAINING**
All staff are trained annually in regard to disaster procedures within the Comprehensive School Safety Plan and the District’s Emergency Operations Plan. The school conducts monthly safety drills for fire and earthquake. The school also conducts a lockdown security drill at a minimum of once yearly within the first month of school under the direction of the School Resource Officer.

**FOR DISASTER PLAN PROTOCOLS AND PROCEDURES (SEE APPENDICES).**

**(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines**

The Oxnard School District Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student’s presence causes a continuing danger to himself/herself or others. (Education Code 48915)
The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

STUDENT DUE PROCESS
The board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

ALTERNATIVES TO SUSPENSION / OPTIONS
All schools within the Oxnard School District may establish a suspension program, which involves progressive discipline during the school day on campus, conferences, detention, student study team, referral to support services staff and/or other resources including District.

REQUIRED PARENTAL ATTENDANCE
The teacher of the class from which the student was suspended may require the parent/caregiver to attend a portion of a school day in the classroom in coordination with the principal and in accordance with all related policies/regulations for implementing this school suspension option.

DEFINITIONS
Suspension from school means removal of a student from ongoing instruction for adjustment purposes.
Expulsion means removal of a student from the immediate supervision and control, or the general supervision of school personnel.

NOTICE OF REGULATIONS
At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. Transfer students and their parents/guardians shall be notified at the time of enrollment. (Education Code 35291.5, 48900.1, 48980)

Notification shall include information about the availability of individual school rules and all district policies and regulations pertaining to student discipline. (Education Code 35291)

GROUNDS FOR SUSPENSION AND EXPULSION
Students may be subject to suspension or expulsion for committing any of the acts listed below:

a) (1) Caused, attempted to cause, or threatened to cause physical injury to another person; or
   (2) Willfully used force or violence upon the person of another, except in self-defense.

BULLYING
CALIFORNIA STATE LAW REGARDING BULLYING
Right to Safe Schools. All students and staff of public primary, elementary, junior high, senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure and peaceful.

AB 9 – Seth’s Law
Requires schools to establish policies to prevent bullying and to address and be responsive to complaints about bullying.

• Requires school districts to include in its non-discrimination policy a detailed list where discrimination, harassment, intimidation, and bullying are prohibited under existing law—actual or perceived sexual orientation, gender, gender identity expression, race or ethnicity, nationality, religion, disability, or association with a person or group with one or more of these actual or perceived characteristics.

• Requires each school districts non-discrimination policy to describe the district’s procedure for addressing discrimination and harassment complaints; and be publicized in places for student and parental access.

• School districts are to strengthen professional development curricula for teachers, school counselors, and administrators with instruction on identifying and stopping discrimination and harassment and creating a school-wide culture of inclusion and respect for differences.

AB 746 - Cyber bullying.
Existing law, the Interagency School Safety Demonstration Act of 1985, defines bullying as one or more acts of sexual harassment, hate violence, or intentional harassment, threats, or intimidation, directed against school district personnel or pupils, committed by a pupil or group of pupils. Under existing law, bullying, including bullying committed by means of an electronic act, as defined, is a ground on which suspension or expulsion may be based. This bill would specify that an electronic act for purposes of the act includes a post on a social network Internet Web site.

AB 1156 – Bullying In Schools
Redefines California anti-bullying law by expanding the definition of bullying and linking it to academic achievement. It will also strengthen policies and procedures to reduce bullying in schools and keep students safe.

• Requires training of school site personnel in the prevention of bullying
• Links bullying to academic achievement
• Gives victims of bullying priority for school transfer, if requested
• Encourages school districts and county offices of education to include policies and procedures on the prevention of bullying in the school safety plan
OXNARD SCHOOL DISTRICT BOARD POLICY 5131.2

Bullying
The Board of Trustees recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

Bullying Prevention
To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Intervention
Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)
Elm School is a closed campus. All gates which provide access to the classrooms and other rooms, except the school office, remain locked during regular school hours. Staff continuously monitors the safety of students upon arrival, dismissal, at the bus stops, and throughout the day following established routines and procedures. All visitors to the campus must check in at the office, sign in, and obtain a visitor’s badge.

Safe Ingress - All students will arrive at school before the first bell (8:00 a.m.) and dropped off at Fir gate or Fir gate bus drop area if students receive bus transportation. In the event that a student arrives tardy to school, the students must enter through the school office, check in with office personnel, and obtain an excused/unexcused tardy slip before going to their assigned classroom. A truant tardy will be marked when the student arrives 30 minutes or more after the school’s start time, without a valid excuse. When a student is absent, the Parent/Guardian needs to notify the school through a written note or phone call to the school office within 72 hours of the absence. Excused absences include illness, medical/dental appointments, court appearances (for students), religious observations, or death of an immediate family member. Truancies include being absent from school without the knowledge and consent of the parent/guardian/school or leaving the school grounds during the day and/or staying out of class without permission.
Elm School is a closed campus thus all visitors must sign in at the school office and receive a visitor’s pass before entering school campus. If any school personnel notices an unidentified person on campus without proper identification or visitor’s pass, they must report it immediately to the school office. Parents dropping off students at school should be aware that there is no supervision available before 7:30 a.m. The school office hours are from 7:30 a.m. to 4:00 p.m.

Safe Egress- Transitional Kindergarten students will be dismissed by the Front Office on Elm St., Kindergarten students will be dismissed on Fir St., which includes bus riders. First through third grade students will be dismissed at Fir St. gate by teachers at designated dismissal time, with teacher/staff supervision. Fourth and Fifth grade student will be dismissed at Elm St. gate at Blacktop Area. Students receiving bus transportation are picked up on Montrose St. with staff supervision. Parents/Guardians are required to stop at office to sign-out their child if leaving early. Adults signing students out must be on the emergency card, 18 years of age, and have a valid photo identification. Students are not to loiter outside campus gates. In case of emergencies, all staff will follow the appropriate evacuation procedures as listed in the Safe School Handbook. Teachers must be aware of all students that take school transportation and follow the schedule.

There is an Oxnard Police Department crossing guard at Elm St. and Gisler Ave. to ensure the safety of students walking to and from school.

In order to ensure the safety and well-being of students, Parents/Guardians are asked to provide emergency contact information for their children at the beginning of the year, and are asked to make updates as soon as possible when contact information changes. Additionally, Parents/Guardians are responsible to provide the school with legal and/or custodial documents regarding a student. The legal documents will be filed with the student’s Emergency Card, and will be followed accordingly.

The School Site Safety Committee continuously assesses the needs of the school in regards to the safe ingress and egress of students, staff, and parents, and makes recommendations to make any changes to improve campus safety.
