Senate Bill 187: Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy (electronic or paper) of the Comprehensive School Safety Plan is provided yearly to the following:

- School staff
- Parents
- After-school program staff
- Oxnard Police Department
- Oxnard Fire Department
- Early Childhood Education staff
- Volunteer Coaches

A copy of the Comprehensive School Safety Plan is available for review online at www.oxnardsd.org or in the Marina West Elementary School’s office.

Safety Plan Vision
The goal of our safety plan is to ensure the safety of all members of the Marina West Elementary School community and to preserve the well-being of the school and continuity of education through a rapid, coordinated, effective response to (and recovery from) emergencies and disasters. Our Guidelines for Success: Be safe. Be responsible. Be respectful. Be your best.

Assessment of School Safety
Lockdown drills are scheduled regularly to ensure that procedures are followed properly. Feedback/input is given to administration, who in turn, debriefs with the staff and necessary changes are made.

The Risk Management Department from the District conducts a Safety Inspection of each campus each year. A report is submitted and necessary changes are made by either school personnel or district personnel.

The Lead Custodian and the principal conduct a monthly safety inspection and submit reports to the District Office.

Any safety issues are reported by staff to administration as they are noticed to be handled by the Lead Custodian or through work orders to the district office.

Office Referrals can be forwarded to site PBIS Committee for review and assessment. The administrator, along with the Outreach Coordinator, review site attendance rates. The Pupil Services Department shares monthly Suspension/Expulsion data with the site. This information is shared with staff and PBIS Committee.

The Safety Committee (PBIS Team) reviewed and discussed procedures to be followed by staff and students during emergencies.

The Oxnard Traffic Police are called periodically to observe the traffic patterns during arrival and dismissal in order to ensure that drivers are obeying traffic laws. The administration communicates with the community via meetings, letters, and phone message regarding reminders for safety and traffic regulations.

The PBIS Team meets regularly to review all safety and security procedures and make any necessary recommendations and changes.

The monthly safety checks also provide information about any necessary changes.

Staff is trained in Emergency Operations Plan/School Safety Plan.

Security has been increased by making the campus a Closed Campus. All students are dropped off at various locations in the morning on campus and dismissed at the designated gates. Adults who are not employees are not allowed on campus at any time without first checking in at the office, signing in and obtaining a visitor’s badge. All adults picking up students before regular dismissal are required to be on the student’s emergency card, be of 18 years of age and produce a valid ID. Staff and administration are continuously supervising and monitoring school campus throughout the school day to ensure school safety.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

The following strategies and programs are consistent with California educational code 32281 and reflect the school’s commitment to safety within the following areas:

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)
All staff have been trained regarding Child Abuse Reporting Procedures.

GENERAL
As stated in the Board Policy (BP 5141.4), “District employees shall report known or suspected incidence of child abuse in accordance with district regulations and state law. Employees shall fully cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse.”
When an employee suspects child abuse, the employee shall immediately meet and discuss the situation with a school counselor or an administrator. Information will be noted (name of person making report, name of child, present location of child, nature and extent of injury, and all other pertinent information.) At that time the counselor or administrator will assist the employee in making a call to Children and Family Services (654-3200) or the local Police Department (Oxnard 385-7600, Sheriff’s Dept. 654-2311). The counselor or administrator will make note of time, date and name of official contacted. The employee will then complete and mail the required written report to the local Children and Family services agency. The counselor or assistant principal will notify the principal.

Employees (mandated reporters) have absolute immunity and are not liable for filing a required report. If a mandated reporter does not wish to disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the district without his/her signature or name after making the required call to Children and Family Services or appropriate law enforcement agency. Mandated reports of sexual activity must be reported to either the Department of Children and Family Services (DCFS) or to the appropriate police jurisdiction. This information will then be cross-reported to the other legal agency.

School manager either mails or faxes over the completed abuse form to CFS within 36 hours of the report. School office manager gives a copy to principal and to the Oxnard School District Superintendent.

**STAFF TRAINING**
All Oxnard School District staff who work with students are trained annually in regard to child abuse. New employees are trained upon being hired. Employees receive training on their legal obligation under law regarding mandated reporting. Employees also receive training to recognize signs and symptoms of child abuse.

**(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

**GENERAL**
This Plan addresses the Oxnard School District’s responsibilities in emergencies associated with natural disaster, human-caused emergencies and technological incidents. It provides a framework for coordination of response and recovery efforts within the District in coordination and with local, State, and Federal agencies. The Plan establishes an emergency organization to direct and control operations at all sites during a period of emergency by assigning responsibilities to specific personnel. This Plan:

- Conforms to the Federally mandated National Incident Management System (NIMS), State mandated Standardized Emergency Management System (SEMS) and effectively restructures emergency response at all levels in compliance with the Incident Command System (ICS).
- Establishes response policies and procedures, providing Oxnard School District clear guidance for planning purposes.
- Describes and details procedural steps necessary to protect lives and property.
- Outlines coordination requirements.
- Provides a basis for unified training and response exercises to ensure compliance.

**OBJECTIVES**
- Protect the safety and welfare of students, employees and staff.
- Provide for a safe and coordinated response to emergencies.
- Protect the District’s facilities and properties.
- Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for interface and coordination between sites and the District Emergency Operations Center (EOC).
- Provide for interface and coordination between sites and the County or city EOC in which they reside.
- Provide for the orderly conversion of pre-designated District sites to American Red Cross shelters, when necessary.

Schools are required by both federal statute and state regulation to be available for shelters following a disaster. The American Red Cross (ARC) has access to schools in damaged areas to set up their mass care facilities, and local governments have a right to use schools for the same purposes. This requires close cooperation between school officials and ARC or local government Representatives, and should be planned and arranged for in advance.

In an Emergency Building Evacuation, all employees will:
- Upon emergency alert, secure work area and depart/report to assigned area.
- Perform duties as pre-assigned by the Principal in cooperation with emergency services personnel.
- DO NOT re-enter the building without permission or request of emergency service authorities.
- Remain in the general assembly areas and calm students if not assigned another duty.
- When signaled to re-enter safe areas of the school, quickly do so.
- Upon safe re-entry, report anything amiss to the Operations Chief.

In an Emergency Building Evacuation, teachers will also:
- Upon alert, assemble students for evacuation using designated routes and account for all students.
- Secure room.
- If possible, leave a note on the door advising where the class evacuated to if other than the standard assembly area.
- Upon arrival at the assembly area, account for all students.
- Secure medical treatment for injured students.
- Report any students missing or left behind because of serious injuries.
- Stay with and calm students.
- If signaled to re-enter school, assure students do so quickly and calmly.
• Account for all students.
• Check room and report anything amiss to the Team Leader and/or Operations Chief.
• Debrief students to calm fears about the evacuation.

In an Emergency Campus Evacuation:
If it is necessary to evacuate the entire campus to another school or relief center, the Principal will:
• Notify the Superintendent of the Campus Evacuation.
• Cooperate with emergency authorities in enlisting students/staff with cars to help transport evacuees.
• Direct the evacuation, assure all students/staff are accounted for as they depart and arrive.

Dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student.

• Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise.
• In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.
• During an emergency period or condition created by disaster, occurrence students may only be released to parent, guardian or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

Emergency Announcements will be provided on the following radio stations:

CALIFORNIA EMERGENCY SERVICES ACT (CHAPTER 7, DIVISION 1, TITLE 2, CALIFORNIA GOVERNMENT CODE)
The Act provides the basic authorities for conducting emergency operations following a proclamation of Local Emergency, State of Emergency, or State of War Emergency by the Governor and/or appropriate local authorities, consistent with the provisions of this Act.

CALIFORNIA GOVERNMENT CODE, SECTION 3100, TITLE 1, DIVISION 4, CHAPTER 4.
States that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed.

The law applies to public school employees in the following cases:
• When a local emergency is proclaimed.
• When a state of emergency is proclaimed.
• When a federal disaster declaration is made.

The law has two ramifications for School District employees:
1. It is likely that public school employees are pressed into service as Disaster Service Workers by their superiors, and may be asked to do jobs other than their usual duties for periods exceeding their normal working hours.
2. When pressed into disaster service, employees' Workers' Compensation Coverage becomes the responsibility of state government (OES), but their overtime pay is paid by the school. These circumstances apply only when a local or state emergency is declared. States that (the Governor's Office of Emergency Services has stated) inadequately trained school staff render school officials potentially liable for acts committed or omitted by school staff acting within the scope of their training during or after a disaster. (Sub Sections 835-840.6). It requires that school districts be prepared to respond to emergencies using SEMS. (Section 8607, the Petris Bill).

CALIFORNIA CIVIL CODE, CHAPTER 9, SECTION 1799.102
It provides for “Good Samaritan Liability” for those providing emergency care at the scene of an emergency. (“No person, who, in good faith and not for compensation, renders emergency care at the scene of an emergency, shall be liable for any civil damages resulting from any act or omission. The scene of an emergency shall not include emergency departments and other places where medical care is usually offered.”

PUBLIC AGENCY USE OF SCHOOL BUILDINGS FOR EMERGENCY SHELTERS
Procedures are in place to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

AFTER SCHOOL PROGRAM
The after-school program staff is trained annually in regard to disaster response. The District maintains a full-time After School Program Manager, who oversees safety training and disaster preparedness for the program. The After School Program Manager ensures that the following safety components are addressed within the after-school program environment:

- Elements of a safe and orderly environment
- Emergency evacuation procedures
- Student release procedures
- Incident Command Team responsibilities
- Child abuse reporting
- Rules, expectations and consequences
- Non-discrimination and harassment reporting

TRAINING
All staff are trained annually in regard to disaster procedures within the Comprehensive School Safety Plan and the District’s Emergency Operations Plan. The school conducts monthly safety drills for fire and earthquake. The school also conducts a lockdown security drill at a minimum of once yearly within the first month of school under the direction of the School Resource Officer.

FOR DISASTER PLAN PROTOCOLS AND PROCEDURES (SEE APPENDICES).

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines
All school suspension, expulsion and mandatory Expulsion Guidelines are followed per Education Code 48915 per OSD.

The Oxnard School District Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student’s presence causes a continuing danger to himself/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.
Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

**STUDENT DUE PROCESS**
The board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

**ALTERNATIVES TO SUSPENSION / OPTIONS**
All schools within the Oxnard School District may establish a suspension program, which involves progressive discipline during the school day on campus, conferences, detention, student study team, referral to support services staff and/or other resources including District.

**REQUIRED PARENTAL ATTENDANCE**
The teacher of the class from which the student was suspended may require the parent/caregiver to attend a portion of a school day in the classroom in coordination with the principal and in accordance with all related policies/regulations for implementing this school suspension option.

**DEFINITIONS**
Suspension from school means removal of a student from ongoing instruction for adjustment purposes.
Expulsion means removal of a student from the immediate supervision and control, or the general supervision of school personnel.

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. Transfer students and their parents/guardians shall be notified at the time of enrollment. (Education Code 35291.5, 48900.1, 48980)

BULLYING
CALIFORNIA STATE LAW REGARDING BULLYING
Right to Safe Schools. All students and staff of public primary, elementary, junior high, senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure and peaceful.

AB 9 – Seth’s Law
Requires schools to establish policies to prevent bullying and to address and be responsive to complaints about bullying.

• Requires school districts to include in its non-discrimination policy a detailed list where discrimination, harassment, intimidation, and bullying are prohibited under existing law—actual or perceived sexual orientation, gender, gender identity expression, race or ethnicity, nationality, religion, disability, or association with a person or group with one or more of these actual or perceived characteristics.

• Requires each school districts non-discrimination policy to describe the district’s procedure for addressing discrimination and harassment complaints; and be publicized in places for student and parental access.

• School districts are to strengthen professional development curricula for teachers, school counselors, and administrators with instruction on identifying and stopping discrimination and harassment and creating a school-wide culture of inclusion and respect for differences.

AB 746 - Cyber bullying.
Existing law, the Interagency School Safety Demonstration Act of 1985, defines bullying as one or more acts of sexual harassment, hate violence, or intentional harassment, threats, or intimidation, directed against school district personnel or pupils, committed by a pupil or group of pupils. Under existing law, bullying, including bullying committed by means of an electronic act, as defined, is a ground on which suspension or expulsion may be based. This bill would specify that an electronic act for purposes of the act includes a post on a social network Internet Web site.

AB 1156 – Bullying In Schools
Redefines California anti-bullying law by expanding the definition of bullying and linking it to academic achievement. It will also strengthen policies and procedures to reduce bullying in schools and keep students safe.

• Requires training of school site personnel in the prevention of bullying
• Links bullying to academic achievement
• Gives victims of bullying priority for school transfer, if requested
• Encourages school districts and county offices of education to include policies and procedures on the prevention of bullying in the school safety plan

Oxnard School District Board Policy 5131.2
Bullying
The Board of Trustees recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person’s electronic account and assuming that person’s identity in order to damage that person’s reputation.

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

Bullying Prevention
To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.
Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Intervention
Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)
SCHOOL HOURS
The student day is from 8:15 am to 2:30 p.m. for students in grades 1-5. The school day for Transitional Kindergarten and Kindergarten students is from 8:15-1:37, with the exception of those students attending before or after school intervention classes or the After School Program. Parents dropping students off at school should be aware that supervision IS NOT available before 7:45 a.m. and after 2:40 p.m. unless student is in a school sponsored event. School office hours are 7:30 a.m. to 4:00 p.m.

- Once arriving at school, students are to immediately come onto the campus and move to the cafeteria, or designated quad area or tutoring class until the first bell at 8:13 a.m. At 8:13 a.m., all students are to proceed to line up on the playground. Under no circumstances are students to leave to pick up friends, go to locations other than the school campus, or loiter outside campus gates.
• Students not participating in after school activities are to leave campus immediately by being picked up by an adult, walking or riding a bus. Students waiting for rides home via automobile need to wait in the designated pickup area located in front of the school.

CLOSED CAMPUS
Marina West is a closed campus. All gates which provide access to classrooms and other rooms, except the main office, remain locked until 6:00 p.m. and during arrival and dismissal times. In the morning, there is one gate (by the office and Building 2) through which all students enter. This gate is supervised by school personnel. At 8:15, this gate is locked and students who are tardy must enter through the school office to receive a tardy slip. All visitors to the campus must come through the office to sign in and obtain a visitor’s badge which they must wear for the duration of the time they are on campus. At dismissal, the 2 front gates (by the cafeteria and by building 200) are opened for students to exit. At 2:45 p.m., those gates are locked. Families of students in the After School Program must call the After School Program Director if their child needs to dismiss early. The walking gate (on the street) and the driveway gates remain open throughout the school day.

LEAVING EARLY
Students must stay on campus from the time of arrival in the morning, during lunch, and after school while waiting for the bus or to be picked up. Students may leave campus during school hours if parents or guardians or persons designated by parents or guardians come to pick them up from school. A written request from a parent or guardian must be submitted if someone other than the parent or someone on the emergency card is going to pick up a child. Persons picking up students during the school day must sign the student out in the front office. They must be at least 18 years of age and provide a valid ID. All students MUST be signed out in the office. No student will be dismissed with any person not listed on the Student Emergency Card. Under no circumstances should a student leave campus without permission. Any parent request for student not to use district transportation (bus) must call at least one hour prior to dismissal to ensure the student is not placed on the bus.

TARDY / LATE POLICY
Students must be at school by 8:15 a.m.
• If a student is late to class without an approved reason it is an unexcused tardy
• If a student is late in the morning (after 8:15 a.m.), he/she must report to the office for a late slip, and then quickly go to class.
• An “excused late” will be assigned when parents have called the school with a valid excuse, such as a doctor or dentist’s appointment.
• Oversleeping, car trouble, dropping off another student, etc., are not valid reasons for an “excused late”.
• Truant Tardy is when students arrive to school 30 minutes late or more without a valid excuse. Truant tardies become unexcused absences. When there are a certain number of unexcused absences, a student may be subject to the following: attendance letters will be sent to parents/guardians, an attendance conference will be held with school officials and the parents/guardians, the student may be placed on an attendance contract, or the family may be referred to SARB and receive a citation.
EXCUSED ABSENCES
These can only result from illness, medical/dental appointments, court appearances, religious reason, or death in the immediate family. All other absences are considered unexcused. When a student is absent, parents are expected to call the school (805-385 - 1554) or send an excusal note within 72 hours of the absence.

RETURNING AFTER AN ABSENCE
The parent/guardian can provide a dated note stating the reason for the absence, with student name, grade, teacher, date of absence, and parent/guardian signature.

TRUANCIES (UNEXCUSED ABSENCES)
The following are considered truancies:

1. Being absent from school without the knowledge and consent of the parent/school.
2. Leaving the school grounds during the day without permission.
3. Staying out of class without permission.

If a student is habitually late or absent from school, various measures may be taken, including referral to SARB (School Attendance Review Board). Truancy is a violation of the California Education Code and includes consequences ranging from requiring parents to attend parenting classes to fines levied to parents by the court.

In some cases of truancy, students will be assigned a consequence from school administration.

(J) Hate Crime Reporting Procedures and Policies
All employees are expected to report hate crimes to administration. Administration is then instructed to inform the district office risk management and/or pupil services office.

In order to create a safe learning environment for all students, the Board of Trustees desires to protect the right of every student to be free from hate-motivated behavior and will promote harmonious relationships among students to enable them to gain a true understanding of the civil rights and social responsibilities of people in society. The district prohibits discriminatory behavior or statements that degrade an individual based on his/her actual or perceived race, ethnicity, culture, heritage, gender, sex, sexual orientation, physical/mental attributes, or religious beliefs or practices.

Any student who believes he/she is a victim of hate-motivated behavior shall immediately contact the teacher and Principal. Upon receiving such a complaint, the Principal shall immediately investigate the complaint in accordance with school-level complaint process/grievance procedures as described in AR 5145.7 - Sexual Harassment. A student who has been found to have demonstrated hate-motivated behavior shall be subject to discipline in accordance with law, Board policy, and administrative regulation. Students are expected to respect all others while on school grounds or while participating in school activities. Any student engaging in hate-motivated behavior will be subject to the school discipline policies in accordance with the district policies and guidelines.
Safety Plan Review, Evaluation and Amendment Procedures

A Safety Committee/PBIS is created each school year. The purpose of the committee is to review the Safety Plan on a continual basis and make any amendments which are deemed necessary in order to ensure that the highest standards are adhered to. The committee meets on an as needed basis and is made up of school staff. All changes are brought to the attention of the entire staff at staff meetings and through emails. The Safety Plan is also shared with stakeholders through School Site Council, English Learner Advisory Committee, and School Site Weekly meeting. The Safety Plan is reviewed and approved by the School Site Council during a regular meeting no later than February and presented to the district for approval by the School District Board.
