Senate Bill 187: Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy (electronic or paper) of the Comprehensive School Safety Plan is provided yearly to the following:

- School staff
- Parents
- After-school program staff
- Oxnard Police Department
- Oxnard Fire Department
- Early Childhood Education staff
- Volunteer Coaches

A copy of the Comprehensive School Safety Plan is available for review online at www.oxnardsd.org or in the McKinna Elementary School’s office.

Safety Plan Vision
At McKinna School, we support our district's motto, "Educate, Inspire, and Empower," and seek to find avenues within our students' learning journeys that lead them to become life-long learners, who have talents, skills, knowledge, and compassion to enrich our world. Our students are our future, and we commit to work together in partnership to bring about their ultimate well-being. We believe all stakeholders deserve a physically, emotionally, and mentally safe, secure, and positive learning environment through a caring, supportive staff, engaging curriculum, procedures, and training in order to accomplish the goals of high academic achievement and civic responsibilities.

The McKinna staff works to ensure each of our students reaches his or her full potential through high expectations, ongoing collaboration, and targeted, focused instruction. Our school’s priority is to provide a safe learning environment where all students are supported academically, emotionally and socially to develop to their fullest potential. We consider families to be our most essential partners in achieving this mission! The staff, parents, and students at McKinna School work together to support and maintain a safe and secure school environment that is conducive to learning and that provides opportunities for each student to develop personal and social responsibility, self-esteem, respect, and consideration for others, and a high level of academic achievement.

The McKinna community works collaboratively to foster responsive, restorative systems within a Multi-Tiered Systems of Support (MTSS) framework to create a healthy learning environment through the implementation of a proactive and positive behavior support system (PBIS) school wide. The PBIS Leadership Team works within the Safe & Civil School model through a continuous improvement process to guide the entire staff through the construction and implementation of a comprehensive approach to behavior support. This approach is proactive, positive, and instructional offering an alternative means of correction to address student behavior that preserves student attendance and builds student responsibility, self-control and civic awareness. The goal of the Safe and Civil School model is to reduce all behavioral and motivational barriers to learning by promoting safety and pro-social behavior, by supporting both academic and social emotional learning, and by enhancing staff consistency in teaching positive behavior expectations school wide. McKinna staff will continue to incorporate a collaborative approach and common language for teaching students self-regulation and peaceful problem solving through strategies and school wide expectations for success, essential approaches for fostering social-emotional development in children. Students and families will continue to receive support through District funded support staff which includes the counselor, Outreach support, special education team and Social Worker. Staff receives training and guidance to ensure trauma informed practices are embedded throughout the school community.

Assessment of School Safety
The McKinna community works collaboratively to foster responsive, restorative systems within a Multi-Tiered Systems of Support (MTSS) framework to create a healthy learning environment through the implementation of a proactive and positive behavior support system (PBIS) school wide. The PBIS Leadership Team works within the Safe & Civil School model through a continuous improvement process to guide the entire staff through the construction and implementation of a comprehensive approach to behavior support. This approach is proactive, positive, and instructional offering an alternative means of correction to address student behavior that preserves student attendance and builds student responsibility, self-control and civic awareness. The goal of the Safe and Civil School model is to reduce all behavioral and motivational barriers to learning by promoting safety and pro-social behavior, by supporting both academic and social emotional learning, and by enhancing staff consistency in teaching positive behavior expectations school wide.

McKinna works closely with the Oxnard Police Department to create a safe school environment. The Oxnard PD support with lock down drills and are present for any whole school evacuation off site. In addition, Risk Management provides comprehensive safety information to plan school wide safety drills including fire/evacuation, earthquake preparedness and lock downs.

Risk Management conducts a safety inspection of the campus each year. A report is submitted, and necessary changes are made.

The Safety Team plan and debrief after every drill to ensure our students are safe. The team provides the rest of the staff with meaningful feedback on drills, playground safety, and ways to improve our ingress and egress.

All safety issues are reported by staff to administration as they are noticed to be handled by the lead custodian or through work orders to the district office. The lead custodian and the principal conduct a monthly safety inspection and submit a report to the DO of any concerns.

Office referrals and discipline issues are discussed with the school counselor, with the PBIS team, and staff during staff meetings in order to help analyze support and supervision needs. In addition, attendance reports are reviewed by principal, counselor, ORC, attendance tech and social worker.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

The following strategies and programs are consistent with California educational code 32281 and reflect the school’s commitment to safety within the following areas:

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

GENERAL
As stated in the Board Policy (BP 5141.4), “District employees shall report known or suspected incidence of child abuse in accordance with district regulations and state law. the required written report to the local Children and Family services agency. The counselor or assistant principal will notify the principal.

**(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

**GENERAL**
This Plan addresses the Oxnard School District’s responsibilities in emergencies associated with natural disaster, human-caused emergencies and technological incidents. It provides a framework for coordination of response and recovery efforts within the District in coordination and with local, State, and Federal agencies. The Plan establishes an emergency organization to direct and control operations at all sites during a period of emergency by assigning responsibilities to specific personnel. This Plan:

- Conforms to the Federally mandated National Incident Management System (NIMS), State mandated Standardized Emergency Management System (SEMS) and effectively restructures emergency response at all levels in compliance with the Incident Command System (ICS).
- Establishes response policies and procedures, providing Oxnard School District clear guidance for planning purposes.
- Describes and details procedural steps necessary to protect lives and property.
- Outlines coordination requirements.
- Provides a basis for unified training and response exercises to ensure compliance.

**OBJECTIVES**
- Protect the safety and welfare of students, employees and staff.
- Provide for a safe and coordinated response to emergencies.
- Protect the District’s facilities and properties.
- Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for interface and coordination between sites and the District Emergency Operations Center (EOC).
- Provide for interface and coordination between sites and the County or city EOC in which they reside.
- Provide for the orderly conversion of pre-designated District sites to American Red Cross shelters, when necessary.

Schools are required by both federal statute and state regulation to be available for shelters following a disaster. The American Red Cross (ARC) has access to schools in damaged areas to set up their mass care facilities, and local governments have a right to use schools for the same purposes. This requires close cooperation between school officials and ARC or local government Representatives, and should be planned and arranged for in advance.

In an Emergency Building Evacuation, all employees will:
- Upon emergency alert, secure work area and depart/report to assigned area.
- Perform duties as pre-assigned by the Principal in cooperation with emergency services personnel.
- DO NOT re-enter the building without permission or request of emergency service authorities.
- Remain in the general assembly areas and calm students if not assigned another duty.
- When signaled to re-enter safe areas of the school, quickly do so.
- Upon safe re-entry, report anything amiss to the Operations Chief.

In an Emergency Building Evacuation, teachers will also:
- Upon alert, assemble students for evacuation using designated routes and account for all students.
- Secure room.
- If possible, leave a note on the door advising where the class evacuated to if other than the standard assembly area.
- Upon arrival at the assembly area, account for all students.
- Secure medical treatment for injured students.
- Report any students missing or left behind because of serious injuries.
- Stay with and calm students.
- If signaled to re-enter school, assure students do so quickly and calmly.
- Account for all students.
- Check room and report anything amiss to the Team Leader and/or Operations Chief.
- Debrief students to calm fears about the evacuation.

In an Emergency Campus Evacuation:
If it is necessary to evacuate the entire campus to another school or relief center, the Principal will:

- Notify the Superintendent of the Campus Evacuation.
- Cooperate with emergency authorities in enlisting students/staff with cars to help transport evacuees.
- Direct the evacuation, assure all students/staff are accounted for as they depart and arrive.

Dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student.

- Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise.
- In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.
- During an emergency period or condition created by disaster, occurrence students may only be released to parent, guardian or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

Emergency Announcements will be provided on the following radio stations:

**AM Radio Stations:**
- KTNQ-AM 1020 "Univision America" Spanish
- KNX-AM 1070 "KNX 1070 Newsradio"
- KUNX-AM 1400 "La Super X" Spanish

**CALIFORNIA EMERGENCY SERVICES ACT (CHAPTER 7, DIVISION 1, TITLE 2, CALIFORNIA GOVERNMENT CODE)**
The Act provides the basic authorities for conducting emergency operations following a proclamation of Local Emergency, State of Emergency, or State of War Emergency by the Governor and/or appropriate local authorities, consistent with the provisions of this Act.

**CALIFORNIA GOVERNMENT CODE, SECTION 3100, TITLE 1, DIVISION 4, CHAPTER 4.**
States that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed.

The law applies to public school employees in the following cases:

- When a local emergency is proclaimed.
- When a state of emergency is proclaimed.
- When a federal disaster declaration is made.

The law has two ramifications for School District employees:

1. It is likely that public school employees are pressed into service as Disaster Service Workers by their superiors, and may be asked to do jobs other than their usual duties for periods exceeding their normal working hours.
2. When pressed into disaster service, employees' Workers' Compensation Coverage becomes the responsibility of state government (OES), but their overtime pay is paid by the school. These circumstances apply only when a local or state emergency is declared. States that (the Governor's Office of Emergency Services has stated) inadequately trained school staff render school officials potentially liable for acts committed or omitted by school staff acting within the scope of their training during or after a disaster. (Sub Sections 835-840.6). It requires that school districts be prepared to respond to emergencies using SEMS. (Section 8607, the Petris Bill).
CALIFORNIA CIVIL CODE, CHAPTER 9, SECTION 1799.102
It provides for “Good Samaritan Liability” for those providing emergency care at the scene of an emergency. (“No person, who, in good faith and not for compensation, renders emergency care at the scene of an emergency, shall be liable for any civil damages resulting from any act or omission. The scene of an emergency shall not include emergency departments and other places where medical care is usually offered.”)

PUBLIC AGENCY USE OF SCHOOL BUILDINGS FOR EMERGENCY SHELTERS
Procedures are in place to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

AFTER SCHOOL PROGRAM
The after-school program staff is trained annually in regard to disaster response. The District maintains a full-time After School Program Manager, who oversees safety training and disaster preparedness for the program. The After School Program Manager ensures that the following safety components are addressed within the after-school program environment:

- Elements of a safe and orderly environment
- Emergency evacuation procedures
- Student release procedures
- Incident Command Team responsibilities
- Child abuse reporting
- Rules, expectations and consequences
- Non-discrimination and harassment reporting

TRAINING
All staff are trained annually in regard to disaster procedures within the Comprehensive School Safety Plan and the District’s Emergency Operations Plan. The school conducts monthly safety drills for fire and earthquake. The school also conducts a lockdown security drill at a minimum of once yearly within the first month of school under the direction of the School Resource Officer.

FOR DISASTER PLAN PROTOCOLS AND PROCEDURES (SEE APPENDICES).

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

The Oxnard School District Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student’s presence causes a continuing danger to himself/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

STUDENT DUE PROCESS
The board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

ALTERNATIVES TO SUSPENSION / OPTIONS
All schools within the Oxnard School District may establish a suspension program, which involves progressive discipline during the school day on campus, conferences, detention, student study team, referral to support services staff and/or other resources including District.

REQUIRED PARENTAL ATTENDANCE
The teacher of the class from which the student was suspended may require the parent/caregiver to attend a portion of a school day in the classroom in coordination with the principal and in accordance with all related policies/regulations for implementing this school suspension option.

DEFINITIONS
Suspension from school means removal of a student from ongoing instruction for adjustment purposes.
Expulsion means removal of a student from the immediate supervision and control, or the general supervision of school personnel.

NOTICE OF REGULATIONS
At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. **PRINCIPAL’S DISCRETION IN RECOMMENDING EXPULSION**

Discretion: Ability to make responsible decisions using individual choice or judgment. The school principal, in most all-disciplinary incidents, has “latitude of choice within certain legal bounds.” When serious violation of school rules occurs, it is wise to consult with the district office before rendering a decision. Responsible decisions take into account the totality of circumstances, including the welfare of the child, the safety of others, appropriateness of consequences and predicted future behavior.

**BULLYING**

**CALIFORNIA STATE LAW REGARDING BULLYING**

Right to Safe Schools. All students and staff of public primary, elementary, junior high, senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure and peaceful.

AB 9 – Seth’s Law

Requires schools to establish policies to prevent bullying and to address and be responsive to complaints about bullying.

- Requires school districts to include in its non-discrimination policy a detailed list where discrimination, harassment, intimidation, and bullying are prohibited under existing law—actual or perceived sexual orientation, gender, gender identity expression, race or ethnicity, nationality, religion, disability, or association with a person or group with one or more of these actual or perceived characteristics.

- Requires each school districts non-discrimination policy to describe the district’s procedure for addressing discrimination and harassment complaints; and be publicized in places for student and parental access.

- School districts are to strengthen professional development curricula for teachers, school counselors, and administrators with instruction on identifying and stopping discrimination and harassment and creating a school-wide culture of inclusion and respect for differences.

AB 746 - Cyber bullying.

Existing law, the Interagency School Safety Demonstration Act of 1985, defines bullying as one or more acts of sexual harassment, hate violence, or intentional harassment, threats, or intimidation, directed against school district personnel or pupils, committed by a pupil or group of pupils. Under existing law, bullying, including bullying committed by means of an electronic act, as defined, is a ground on which suspension or expulsion may be based. This bill would specify that an electronic act for purposes of the act includes a post on a social network Internet Web site.

AB 1156 – Bullying In Schools

Redefines California anti-bullying law by expanding the definition of bullying and linking it to academic achievement. It will also strengthen policies and procedures to reduce bullying in schools and keep students safe.

- Requires training of school site personnel in the prevention of bullying
- Links bullying to academic achievement
- Gives victims of bullying priority for school transfer, if requested
- Encourages school districts and county offices of education to include policies and procedures on the prevention of bullying in the school safety plan

OXNARD SCHOOL DISTRICT BOARD POLICY 5131.2

Bullying
The Board of Trustees recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

Bullying Prevention
To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.
Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Intervention
Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

The Superintendent or designee shall ensure that the student handbook clearly describes the district’s bullying policy, procedures for filing a complaint regarding bullying, and the resources that are available to students who feel that they have been the victim of bullying. The district’s policy may also be posted on the district website or any other location that is easily accessible to students.

When a student is reported to be engaging in bullying off campus, the Assistant Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

Discipline
Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations. (I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

McKinna Elementary School Student Conduct Code

Staff, parents, and students at McKinna Elementary School work together to support and maintain a safe and secure school environment that is conducive to learning and that provides opportunities for each student to develop personal and social responsibility, self-esteem, respect, and consideration for others, while attaining high academic achievement. The staff works collaboratively to ensure that all students receive a quality instructional program. A progressive discipline model provides the opportunity to teach appropriate behavior through the use of intervention and a corrective action. Each situation or violation involving student conduct should be individualized and the least punitive action based on the violation should be taken. Corrective action taken by the administrator shall take place per Ed Code guidelines after progressive discipline interventions by the school fail to bring about proper conduct. These corrective measures are intended to assist in teaching appropriateness and responsibility, while maintaining consistent student discipline on campus. McKinna utilizes a restorative model based a Positive Behavior Intervention System through Safe and Civil Schools.

School Wide Expected Behaviors are reinforced throughout the year to promote a positive and healthy learning environment. The 5 expectations that are communicated to students, staff and families are: Be Safe, Be Respectful, Be Responsible, Be Kind, Make Wise Choices

McKinna reinforces these Positive Behavior Guidelines for fostering a healthy and safe learning environment through weekly announcements and assemblies throughout the year. In addition, McKinna teachers and staff provide our students strategies to help them develop social-emotional problem solving strategies. These strategies and support resources are shared with families throughout the year.

Additionally, McKinna is building a healthy school culture and climate through the restorative practices model. Restorative Practices effectively foster supportive and safe school climates by preventing, addressing, and changing behaviors that hurt individuals, families, schools, and communities. Because they provide structures and skills needed to create and maintain positive relationships, Restorative Practices help strengthen the communication between adults on campus. They are also the preferred approach to address student behavior issues because they reflect the importance of relationships among students and between teachers and students. These approaches provide students with opportunities to develop self-discipline and positive behaviors in a caring, supportive environment. A restorative approach sees conflict or misbehavior as an opportunity for students to learn about the consequences of their actions, to develop empathy with others, and to experience making amends in such a way that strengthens community bonds that have been damaged.

When a student causes harm, reflective dialog is facilitated by support staff that includes conversation to evoke reflection on how the behavior has affected others. In addition, restorative dialogues help to resolve conflict or appreciate others and asks some version of the following questions:
1. From your point of view, what happened?
2. What do you remember thinking or feeling at the time?
3. How have you and others been affected?
4. What feelings and needs are still with you?
5. What do you think should happen next? What will help us solve the problem? What tools can be used next time to prevent this problem?

McKinna plans to introduce classroom circles which are group discussion format which is a mainstay of Restorative Practices and can be used in a variety of ways including but not limited to: Building community, Making agreements, Solving problems, Exploring class material.

McKinna also utilizes Restorative Discipline and Other Means of Correction- More formal actions to maintain high behavioral expectations for which all students are held accountable and may be used in lieu of, or in addition to, traditional means of discipline such as suspension that may include: Restorative conferences, Behavior support plans, Peer mediation, Community services, Referrals to counseling, mentoring, or after-school programs.

We want our students to develop self-regulation, growth mindset, a sense of values and to become: Caring, honest, responsible, polite, respectful, knowledgeable of right and wrong, fair, positive in outlook, compassionate and self-disciplined

Safety Plan Review, Evaluation and Amendment Procedures

A Safety Committee is created every school year. The purpose of the committee is to review the Safety Plan on a continual basis and make any necessary changes in order to ensure the safety of students and staff. The committee meets monthly to review and make necessary recommendations and changes. All changes are brought to the attention of the staff and stakeholders at meetings. The completed plan will be distributed to team members by email and printed copies for review. Parents and teachers have been invited to participate in the review and revision of the plan. The plan will be translated into Spanish to make it accessible to the majority of parents. A copy of the school plan will be available in the school office for review. The plan is reviewed in January by the SSC and submitted to the School Board for review and approval in February.
