Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Cesar E. Chavez School is a kindergarten through eighth grade school that serves the La Colonia area located within the city of Oxnard, California. The school has been in operation since before it was renamed from Juanita School in 1993 to its current name, Cesar E. Chavez School. The school was named as a tribute to the labor leader, Cesar E. Chavez, who at one time lived in La Colonia and organized the grape boycott of the 1960’s. The school primarily serves the local community.

Chavez is committed to creating successful students that resembles the OSD Student Profile through excellent first instruction. Chavez offers both a research-based Dual Language Instruction (DLI) program and a Structured English Immersion (SEI) program. Chavez supports students through a Positive Behavior Interventions and Supports (PBIS), and a Multi-Tiered System of Support for all students. Chavez students are members of the Chavez Academy of Literacy, Communication Arts and Technology (CALCAT). Middle school students take elective courses that enrich those skills. Among the current elective offerings for middle school are AVID, Technology through Science, STEM, Environmental science, Study Skills, and Journalism.

Chavez School follows the Cycle of Inquiry and uses a distributed leadership model to build capacity amongst teachers to evaluate and improve the educational practices of the school in efforts to increase the overall academic achievement of all learners.

The distributed leadership model is divided into two categories: committees and Professional Learning Communities (PLCs).

Teachers join one of the four major committees: Culture and Climate; Strategies, Technology, and Best Practices; Parent and Community Engagement; and Leadership. Within those four major groups contain the PBIS, PTA, SSC, and ELAC. Independent of these four committees is the Safety Committee, which focuses on developing needed plans and procedures to ensure students and staff are safe and secure on campus daily and during emergencies.

Culture and Climate encompasses middle school ASB, PBIS, school spirit, AR rewards and staff social sub-committees.

Strategies, Technology, and Best Practices is designed to share school-wide strategies and technology resources with teachers to improve their practice. It also includes the AVID committee and aspects of the previous literacy committee.

Parent and Community Engagement focuses on improving parent and community involvement with the school and encompasses PTA, SSC, and ELAC.

The Leadership team is made up of grade-level members that assist the administration in school-wide decision making.

PLCs are created by grade level and are headed up by the grade level members of the Leadership committee. PLC meeting are run utilizing the research of Richard DuFour and use one of the critical PLC questions.

What do we want our students to know and be able to do?

How will we know they have learned it?

How will we respond when they don't learn?

How will we respond if they already know it?

PLCs bring collaborative teams together to examine data and evidence-based practices to make adjustments to the instructional methods and best meet the needs of our students. This year, Chavez is investing in a professional development program to improve the efficacy of our PLCs through a combination of all-staff and leadership team training. This supports our goals by doing the work of creating a unified understanding of the standards and holding our students to high expectations.

For the 22-23 school year, Cesar Chavez grade-level teachers will continue to develop a guaranteed and viable curriculum through identifying priority standards, learning targets and "I" can statements. As this work is completed, the shift will progress to professional learning opportunities focused toward developing common formative assessments, intervention schedules, and intervention lesson design to address remediation or reteaching student learning needs. Furthermore, 3 week learning cycles will be introduced/coached to support teachers in moving from assessment to intervention with a focus on building their capacity to effectively engage student learning needs throughout the cycle. This work will be designed to support site leaders and teacher leaders in engaging in targeted observation/feedback cycles and curriculum/assessment calendar design within short cycles of improvement as the method for designing the path for teachers to maximize student learning.

Finally, school leadership will partner to design an implementation plan that maximizes staff collective expertise as a means for deepening student learning.

Once again, Chavez School is committed to shaping students based on the Oxnard School District's Student Profile. To reach these goals, Chavez uses the MTSS, focusing on excellent first instruction, then targeted intervention. Students are selected for targeted intervention based on data analysis and recommendations from staff, the Coordination of Services Team (CST) and the Student Success Team (SST).

These specialized targeted intervention services are categorized as Tier II and Tier III services. Tier II and III intervention services are provided by teachers during Universal Access and English Language sessions. Intervention support providers and K-1 paraeducators are also provided to work with small group settings.

The Chavez school DLI program is now in its 9th year, with full DLI classes available from grades K-6. Our 7th and 8th grade students take a Spanish Literature class for their elective to support their DLI instruction. DLI courses are both self-contained or dual-taught depending on the number of students enrolled in the program per grade level.

The DLI programs use research-based Biliteracy Units of Focus (BUFs) as their curriculum. BUF development and training is supported by the District Office and at the site level. The teachers are provided release time in lieu of staff meeting or additionally time after school for training and opportunities for collaboration and planning.

Chavez understands that learning can only take place in a safe and positive environment. The PBIS committee is responsible for overseeing the implementation of the CHAMPS behavior management method as well as developing daily routines and establishing school culture. Last year, the school created our guidelines of success using the acronym SOAR.

Stay Healthy and Safe
Organized and Prepared
Act Responsibly and Ask for Help
Respect Yourself and Others

To support our DLI program and honor the home language of many of our students, there is also a Spanish version of the SOAR using the acronym VUELA (the Spanish word for "soar", which is used in reference to our mascot, the eagle).

Valora tu salud y seguridad
Unidos respetándonos
Esfuézate por organizarte
Listos estando preparados
Actúa responsablemente y pide ayuda

These guidelines are posted throughout classrooms and throughout the school and are the basis of all created rules and expectations using CHAMPS.

The PBIS is continuing to improve on existing guidelines regarding recess, cafeteria behavior, and hallway expectations.

Chavez school believes that all school stakeholders are important and critical to the success of students. This year, Chavez has also created a new Parent Engagement committee to brainstorm

new ways to get the community involved in the school. Past events have included Celebration of Learning Night, Successful Transition to High School information meetings, and Success in Middle School information meetings.

All event information is communicated through the Chavez website, Twitter, Facebook, ParentLink calls, PeachJar, and ConnectEd text messages.

We plan to increase our parent education training which will include; Triple P sessions, MICOP Mommy and Me classes, Healthy Living by VCBH and how to navigate and access the different technology platforms to maximize their students learning.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Administration would observe the classes during lessons. Administration provided feedback on the use of Common Core State Standards in Reading and Writing. English Language Development and use of Mathematical Mindset was another focus to improve student engagement and academic growth.

Data analysis conducted during teacher collaborations indicated that more time for teacher collaboration with a focus on first instruction continues to be necessary. DLI drop-ins and observations indicate that Oracy continues to be a priority with an next step goal of using Academic Vocabulary within Core Content.

Drop-in visits and analysis indicates that there is a need to increase rigor across all areas of instruction. The pandemic created a number of unforeseen challenges, but high expectations must be maintained for all students. The school must provide the needed scaffolds and supports for students to reach those standards.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The Oxnard School District decided to utilize the STAR 360 as a universal screener for early literacy, reading and math. STAR 360 scores and curricular assessments are used by teachers to identify students who need intervention and modify instruction based on Common Core State Standards. The ELPAC was administered to all EL students this year in person. This data is used to identify students ready for reclassification, to identify student areas of growth and need for instruction (grouping, interventions, etc.) and for allocation of resources.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Cesar Chavez school has identified a need to build a comprehensive school-wide writing program with an emphasis on vertical alignment and grade level calibration.

In order to design that program, data will be collected from the STAR 360 assessments 4 times a year, along with curricular assessment measures. Teachers will use PLC collaboration time to focus on analyzing data, planning first instruction, concentrating on developing and implementing this plan throughout the 2022-2023 school year. This year, grade levels will participate student monitoring conferences following 3 week Learning Cycles.

This will be applied in all content areas.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliiteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers will be participating in multiple collaboration meetings both in grade levels and vertical teaming with specific focus on academic engagement (in Writing, English Language Arts, Mathematics, and Dual Language Instruction) as well social emotional learning. Professional Learning Teams are to focus on the cycle of inquiry through DuFour’s Four Essential Questions.

Teachers will continue receiving intensive training on PLCs and how to maximize their effectiveness. The leadership team, who are the leaders of each grade level, will be provided ongoing training to build their capacity to be able to lead their grade level teams.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model will ensure that instructional strategies are aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction and are provided by the district.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing.

For the middle school, the master schedule is determined by student needs. Students are scheduled by their needs first. If room allows, students are given elective choices for enrichment and exploration of other subjects.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

The district adopts standards-aligned materials and provides them for use in all classrooms. The district ensures that all intervention materials are backed by research. Funds are allocated to the school to purchase any additional materials determined necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

The school follows the District's MTSS model.

To support Tier I, first instruction and intervention, teachers are provided multiple opportunities to meet in Professional Learning Communities to focus on analyzing first instruction, assessment data and reflect on their own practices. The intention is to plan and adjust lessons for student scaffolds and instruction concentrating on Instructional Claims (a broad statement outlining the outcomes achieved through standards mastery) they have determined as a focus.

To identify whether a student needs Tier II or Tier III interventions, the school utilizes an SST (Student Success Team) which comprises the ORC, Counselor, Administrator, Classroom Teacher, parents, and a partnership with the local social worker. This team creates a plan with possible solutions for students to help them improve in the area of identified need and to achieve their goals.

The Counselor, ORC, Special Education, Paraeducators, ISP's, and Literacy Intervention Teacher provide daily intervention to support the academic and emotional needs of students.

Evidence-based educational practices to raise student achievement

The DLI program and its BUFs (Biliteracy Unit Frameworks) are created and supported by evidence-based practices to support high achievement for all students in both English and Spanish. The school utilizes CHAMPS as its primary classroom management tool to support students in developing scholarly behavioral habits.

In grades 6-8, AVID strategies are employed to develop notetaking, organizational skills and critical thinking. Additionally, Visible Thinking Strategies are utilized to help students access higher Depths of Knowledge (rigor).

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Chavez plans to increase parent grade level activities to invite families to participate in celebrating their child's learning.

It is our intention to increase parent engagement by grade level through hosting Reading and Math Nights. We also intend to host Triple P sessions, MICOP Mommy and Me classes and Healthy Living by VCPH.

Feedback from our staff and community indicate a need for additional technology tool training for parents and families. This includes training for Canvas, Lexia, ST Math and other educational applications.

The school also conducts Back to School Night and trimester parent conferences. Parents are also encouraged to become involved in site-based parent groups such as School Site Council, Parent Teacher Association (PTA), and the English Learner Advisory Committee (ELAC), which are being held via Zoom during the pandemic. These parent groups play an active role in developing and monitoring school goals.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parent involvement is a priority at our school. Multiple parent education and involvement activities have been planned for families. All events have been scheduled in the master calendar and communicated to all stakeholders through the school website, phone calls, PeachJar, email and shared on bulletin boards and parent meetings. Parent representation is maintained in the Student Success Team meetings, English Learner Advisory Committee meetings and Parent Teacher Association meetings to assist in supporting the success of students in school. Parent representation is also maintained on the School Site Council and they are instrumental in monitoring the execution of the School Plan for Student Achievement (SPSA).

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funding will support evidence based first instruction, interventions, and Common Core California State Standards for student achievement through teacher collaboration.

This funding is provided for first through second grade Paraprofessionals and Intervention Support Providers for both K-5 and in Middle School with the goal of helping current Long Term English Learners (LTELs) and preventing students from becoming LTELs.

School Counselor, Outreach Specialist and Teachers will collaborate and develop plans to service Special Populations Student Groups including Migrant, English Learners, Homeless/Foster and African American students.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide.” Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The school consulted with parents from SSC, and ELAC, and with teachers during Leadership meetings, staff meetings and grade level meetings as part of the planning process for this SPSA/Annual Review and Update during the last school year 2021-2022 and at the beginning of the current school year 2022-2023.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Funding was allocated for three Intervention Service Providers to work with small groups during the school day, but they were not hired due to staffing shortages across the state. Additionally, funding was allocated for teachers to tutor student in small groups after school, but due to minimal participation of both teachers and students; much of the funding was not utilize.

Grade 8	108	98	
Grade 9			
Grade 10			
Grade 11			
Grade 12			
Total Enrollment	888	848	

Conclusions based on this data:

The school is largely categorized as Hispanic/Latino (98%), however this data does not necessarily reflect the nuances of the population. There is a significant population of students from the Mixteco indigenous people, which

are grouped into the same category. Students from Mixteco families are usually in a tri-lingual environment which created challenges for support from home. This population is approximately 10% of our school.

A majority of our students are second generation Americans, many of whom are the children of previous students in this community.

There continues to be declining enrollment in our lower grades, which resulted in the closing of a first grade class and continued with only 3 kindergarten classes this year.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	18-19	19-20	20-21	18-19	19-20	20-21

Reclassified Fluent English Proficient (RFEP)	80	111	47	14.3%	20.7%	5.50%

Conclusions based on this data:

Chavez continues to remain between 50 and 60 percent of students designated as ELs. Last year, fewer students reclassified than previous years (10% vs 20% the year before.) Middle school students who remain classified as English Learners (Long-Term English Learners, LTELs) will require more targeted support and interventions to meet reclassification criteria. Students in the primary grades in the DLI program will focus on the foundational skills of reading, writing, and oracy. In addition, the school-wide focus on writing across the curriculum will benefit ELs and set the foundation to develop solid reading and critical thinking skills. Recognizing the large number of EL's at Chavez and the need to reclassify, we have made a priority to fund programs to ensure academic growth for English Learners.

Additional support needs to be developed for our Mixteco population who have unique needs due to the lack of written Mixteco language and the typical development of their language skills (Mixteco first, then Spanish, then English.)

Grade 2	96	47	49%	25	26%	8	8%	16	17%	1	848

Conclusions based on this data:

A very high percentage (96%) of students in Kindergarten reached proficiency. Second graders are given the Early Literacy test when they score below a certain level on Star Reading. It is a concern that so many of our second grade students took the Early Literacy test at the end of last school year. While the Kindergarten scores are similar to those seen pre-pandemic and are on par with those seen throughout the District, it is concerning that as students move up through the grades, the percent of students at/above benchmark drops. In efforts to mitigate this, this year we will focus on providing intentional academic supports in literacy development during the instructional day. Teachers will be participating in a 3 week learning cycle to review data and identify instructional focus.

Grade 8	104	36	35%	47	45%	17	16%	4	4%	2	1054

Conclusions based on this data:

This data shows a consistent imbalance between Level 1/2 and Level 3/4 throughout all grade levels. This is interesting data, as the data that we reviewed in the Spring was more evenly distributed throughout the bands, and might be an indicator that students were not keeping up with content during the final window.

Level 1 and 2 ranges from 87% (67% level 1, 20% level 2) in grade 3 to 74% (61% level 1 and 14% level 2) in grades 6, with the lowest percentage of level 1 being in 8th grade (35%).

These scores match what was reported anecdotally in the 3rd grade - teachers reported a much higher than average number of students who were "pre-reading" due to the pandemic.

7th grade scores may have been affected by the presence of a long-term substitute starting from spring break.

Improvement of 8th grade scores compared to the previous testing window may be a result of the return of the 8th grade teacher in May.

The level of students performing in the level 1 and 2 ranges is concerning, especially with its consistency throughout the grade levels. First instruction practices must be evaluated and adjusted, along with targeted remediation and intervention, so that students can recover lost ground and reach grade level targets. Teachers will be participating in a 3 week learning cycle to review data and identify instructional focus.

Grade 8	105	82	78%	18	17%	4	4%	1	1%	1	1040

Conclusions based on this data:

This data is again very interesting, as the data analysis done in the previous window showed much more stability and equal distribution amongst the performance bands. This again may indicate that students were not keeping up with expected content during the last window of instruction.

The number of Level 1 and 2 scores ranges from 96% (76% level 1 and 16% level 2) to 72% (38% level 1 and 24% level 2).

One possible factor that affected scores was the presence of a long-term sub in 7th grade beginning after spring break.

The consistency of low performing scores across the grade levels is concerning. First instruction practices must be evaluated and adjusted, along with targeted remediation and intervention, so that students can recover and reach grade level targets. Overall, data indicates that there is a need to focus on providing intentional academic supports in literacy development during the instructional day. In order to do this, teachers will be participating in a 3 week learning cycle to review data and identify instructional focus.

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

As CAASPP Assessments were optional last year, our district opted for our students not to take CAASPP Assessments last year; therefore, there is no new data to be analyzed. We will continue to impact change from 2018-2019 results. The percentage of students at the Not Met level has decreased since 2016-17 in all but 2 grades. Mean scale score has increased in all but one grade. The percentage of students below standard in each of the claims has also consistently decreased in most grade levels. Although we have made steady growth, the increases have not been significant in most areas. Students in grades four and five have consistently made large gains the last three years. Effective strategies in these grade levels will be identified and shared. The Reading claim has the most students "At or Above Standard" and has made gains overall over the last 3 years. This is a positive reflection of the work being done in grades K-2 to build strong foundational reading skills and the focus school-wide on reading AR daily for our students. The focus moving forward is to continue this growth and continue building upon the foundation. In all of the claims,

there is a growing percentage of students in the “At or Near Standard” level and we have put systems in place to improve student achievement and growth in all these areas.

As CAASPP Assessments were not given to our students last year, there is no new data to be analyzed. We will continue to impact change from 2018-2019 results. The percentage of students at the Not Met Level has decreased since 2016-17 in all but 2 grades. Mean scale score has increased in all but 2 grades. Although still significant, trends show that the percentage of students below standard in each of the claims had declined. Grade 4 made significant increases at levels "At or Near Standard" and "Above standard" in all claims. Effective strategies by fourth grade teachers will be identified and shared. The percentage of students at the met/exceeded level frequently shows no growth and, in some cases, a decline in the middle grades. Math continues to be an area of focus. Teachers are focusing on math problem solving strategies and writing in the math curriculum. Teachers are using student data to provide targeted intervention and using Jo Boaler strategies for students so that gaps in learning are decreased.

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

Due to the fact that ELPAC testing was cancelled for 2019-20 school year due to Covid-19, there is no new data is available at this time. However, the data for the 2018-19 school year indicates that the Writing Domain is the lowest scoring with 6.48% of all ELs scoring at Level 4. Additionally, grades 3 and 8 both had 0.0% of the students scoring at Level 4. Because of this, our school will focus on writing across the all grades and curricular areas. First instruction practices must be evaluated and adjusted, along with targeted remediation and intervention, so that students can recover lost ground and reach grade level targets.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective first instruction and data-driven instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning
 To provide equipment, materials and technology resources that support high quality instruction

All Students

Strategy/Activity

Grade-level teachers will continue to develop a guaranteed and viable curriculum through identifying priority standards, learning targets and “I” can statements. As this work is completed, the shift will progress to professional learning opportunities focused toward developing common formative assessments, intervention schedules, and intervention lesson design to address remediation or reteaching student learning needs. Furthermore, 3 week learning cycles will be introduced/coached to support teachers in moving from assessment to intervention with a focus on

building their capacity to effectively engage student learning needs throughout the cycle. This work will be designed to support site leaders and teacher leaders in engaging in targeted observation/feedback cycles and curriculum/assessment calendar design within short cycles of improvement as the method for designing the path for teachers to maximize student learning. Finally, school leadership will partner to design an implementation plan that maximizes staff collective expertise as a means for deepening student learning.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We were not able to measure the overall effectiveness of the strategies/activities implemented to reach our goal due to COVID-19. Instruction continued primarily through distance learning methods through March of 2021, when some students returned to a hybrid learning model. Data validity continues to be unstable due to the following: inconsistencies in instructional time provided to students; data collected was inconsistent and unreliable due to a large number of students that did

not take the assessments; and the state assessments were cancelled. STAR assessment data is being used for future planning with the understanding that it will only provide a partially accurate picture.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds have been assigned to bolster support for initiatives taken in the previous year: improving the effectiveness of professional learning communities, utilizing the cycle of inquiry, monitoring student progress through MTSS, and extending opportunities for students to learn and meet goals. Additionally, support is being provided to support the DLI program and support for our ELD students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Cesar E. Chavez School will ensure that the metrics, goals and expected outcomes are monitored at least 3 times during the year. The CAASP test is being re-instated this year, so this will serve as new baseline data for future progress monitoring. Appropriate goals will be set in next year's SPSA. Maintaining a focus on data analysis during our PLCs will help grade levels monitor student progress at all levels, inform instruction, and identify students for intervention or enrichment opportunities when needed. Funding will be allocated to support the training and implementation of PLCs which will set cohesive instructional goals for the school and develop pathways to attain them.

Goals, Strategies, & Proposed Expenditures

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rates Chronic Absenteeism	Based on the 2021-2022 end of year attendance report, Chavez had an overall 97.97% Average Daily Attendance Rate. Based on the 2021-2022 end of year absenteeism report 28% of students were identified as Chronic Absentees.	New Baseline will be set in 2022-2023 because due to the Pandemic the attendance was impacted. Increase Chavez attendance rate to 98%. Decrease the amount of student chronic absenteeism by 10%.
Suspension Rates	Based on the EOY District Suspension Data from 2021-2022, the number of suspension incidents were 107.	Decrease the amount of school suspensions by 50%
Panorama Survey	Based on the 2021-2022 school year Panorama Survey, the categories that had the highest percent decline from Fall to Spring Survey scores were in:	Increase the percent of students in each category by 20%

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Grades 6-8 52% Teacher-Student Relationships (-11) 43% Sense of Belonging (-8) 34% Engagement (-8)	
	Grades 3-5 52% Teacher-Student Relationships (-4) 66% Sense of Belonging (-9) 65% Engagement (-8)

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Suspension rate information is not application for the 2020-2021 school year as the vast majority of the year was done in distance learning. The suspension rate data for 2021-2022 will serve as a baseline. Appropriate goals will be set in future SPSAs. All actions for this school year will be

scheduled and communicated to all stakeholders through staff meetings, email and a shared calendar. The effectiveness of the actions will be evaluated after each trimester via collaboration with focus on data analysis. The PBIS team, counselor, ORC, administrators, and staff will continue to work on improving positive school climate and the social emotional support of our students.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences occurred due to the continuing of COVID distance learning through March of 2021.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will develop school climate by focusing on social-emotional learning lessons integrated through the day, the training and use of additional campus supervisors, and working with all stakeholders to investigate and provide additional supports for students.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

While Cesar E. Chavez School has been able to successfully communicate with parents through EdConnect calls, Blackboard text messages, Twitter, Facebook, school marquee, website, and PeachJar. We need to continue our efforts of communicating with our families in order to help them support their children and the school in accomplishing our goal of student success. We are hoping to receive feedback from the data in the parent survey, to further increase parent communication, and increase active parent involvement.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for parent nights celebrating our academy focus, CALCAT, and parenting classes. Due to school closures from COVID-19, many of the funds were not used. This year, we plan on hosting celebratory nights focusing on presenting student work by grade level. In addition, our counselor and ORC are working with VCBH and the FRC to provide parenting classes in an effort provide strategies for their children at home that parallel strategies used at school.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will increase the number of parent meetings held in person. If COVID restrictions do not allow, we will continue to offer that same information via webinar. Additionally, we will continue to hold events via webinar if we feel that the number of parents can attend would be improved by using that method. Parent presentations include tips to succeed in Middle School, Promotion requirements and a Successful Transition to High School, and Succeeding in Distance Learning. We plan to be more proactive in an effort to get more participation in parent meetings.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Bertha Anguiano	Principal
Elsa Cortes	Classroom Teacher
Laura Silva	Classroom Teacher
Rosalinda Rodarte	Classroom Teacher
Teresa Silvas	Other School Staff
Alejandra Flores	Parent or Community Member
Alicia Fabian Lopez	Parent or Community Member
Maria Teresa Salazar	Parent or Community Member
Lizette Reyes	Parent or Community Member
Modesto Gomez de la Cruz	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 6-8-22.

Attested:

Principal, Bertha M. Anguiano on 6-8-22

SSC Chairperson, Maria Teresa Salazar on 6-8-22

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	School Site Council
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 6-8-22.

Attested:

	Principal, Bertha M. Anguiano on 6-8-22
	SSC Chairperson, Maria Teresa Salazar on 6-8-22
