Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Elm Street School will effectively meet the Every Student Succeeds Act (ESSA) by implementing the three Oxnard School District goals: Goal 1- All students will reach high academic standards in reading and mathematics. Goal 2- The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug free and conducive to learning. Goal 3 - Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth. The Oxnard School District Student Profile with the seven traits will be at the forefront of our decision making. We also need to keep the following in mind: Accelerating Learning means students have access to grade-appropriate standard and strong instruction that addresses the gaps in prior learning within the context of grade-appropriate content so they can demonstrate mastery of grade-level content, addressing gaps and unfinished learning is not new. It is important to address unfinished learning and gaps through an Accelerated Learning

approach in Tier 1 instruction, instead of only using remediation, and we need to leverage learnings from the pandemic as we plan for accelerating learning for all students, keeping in mind the emotional toll that resulted from the pandemic.

Elm St. School will focus on the area of teaching and learning to successfully meet the needs of all students. Elm's Mission is to ensure that all students receive a high quality education from fully qualified caring teachers whose research-based practices help them connect with the 21st century expectations through the arts, sciences, and technology. Elm's Vision is to establish a safe, professional, bilingual learning community where educators use data to drive instruction, collaborate toward common goals, and work with families, students, and community members toward becoming successful contributing members of society, while addressing the needs of the whole child. The staff is dedicated to the full implementation of Common Core State Standards (CCSS) with an emphasis on technology through the implementation of 1:1 devices for all students in grades Transitional Kindergarten through 5th grade. We will implement CCSS through the following state adopted programs McGraw-Hill, My Math and Wonders/Maravillas. We will also be implementing the Dual Language Biliteracy Unit Frameworks which are standards based in Kindergarten, First, Second, Third and Fourth grade written by our District to ensure CCSS is at the forefront in our Dual Language Classes. In addition, we implement several intervention programs. These interventions include small group instruction with Classroom Teachers, Literacy Intervention Teacher and Instructional Support Providers. The Literacy Intervention Teacher and the Instructional Support Providers will be using The Fountas & Pinnell Leveled Literacy Intervention System (LLI) as their primary resource. The teaching staff at Elm St. School is committed to the process of implementing CCSS and dedicated to higher level thinking via Depth of Knowledge for all students. In order to implement CCSS, the Elm St. teachers are committed to meeting consistently in Professional Learning Communities in order to increase student achievement. Teachers focus on data driven instruction, assess students formally and informally to monitor student growth in the core areas and meet to analyze student data results to plan instruction and student interventions. The Elm St. teachers will continue Progress Monitoring their students to ensure the academic needs of the students are met. The Elm St. School Staff will focus on Positive Behavior Intervention Supports (PBIS) through the use of CHAMPS and MTSS to meet the needs of the whole child including academics, behavior and social/emotional needs. Teachers are also committed to ensure the social emotional needs of students by implementing Community Circles. Families and community members will play an active role in the daily school activities with multiple opportunities to volunteer and participate in the school's educational program. Elm St. School maintains continual communication with all stakeholders through School Site Council (SSC), English Language Advisory Committee (ELAC), Title 1 Meeting, Coffee with the Principal, PTA meetings, Elm's website, Class Dojo and Blackboard Connect Telephone communication system.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Instructional Leader is documenting a systematic approach to visiting classrooms to focus on the School-Wide Goals, and the Instructional "Look Fors" in order to give immediate positive feedback. Instructional Leaders goal is to consistently visit classrooms and take anecdotal notes in order to observe daily routines and teaching practices, provide support and guidance to ensure Common Core State Standards are being taught with fidelity at a rigorous level implementing Depth of Knowledge.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Oxnard School District's (OSD) Student Profile puts an emphasis on the development of the entire child to be successful in a variety of traits. One trait is for students to be prepared to succeed in local and state measures in all academic areas. Elm St school is committed to honor the OSD Student Profile through a variety of components. One of the components to ensure student success is through Professional Learning Communities. Through Professional Learning Communities (PLC) teachers will analyze and interpret data through the use of the following assessments tools to improve student achievement. The following tools will be used:

STAR 360 Assessments in Math, Early Literacy & Reading in English, as well as Spanish for the Dual Language Immersion Program

English Language Proficiency Assessment for California (ELPAC)

California Assessment of Student Performance and Progress (CASSPP)

Interim Assessment Blocks (IAB)

Essential Literacy Skills (ELS)

Curriculum Benchmarks

Leveled Literacy Intervention (LLI)

Progress Monitoring Data

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers will meet weekly in Professional Learning Communities (PLC) to monitor student progress via the curriculum embedded assessments as well as discuss best teaching practices in order to move students forward academically. Student instructional groups for Universal Access, English Language Development, and intervention groups are determined based on these assessments. Teachers will also continue Progress Monitoring in order to meet the different needs of students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. A New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include four additional professional development days for all teachers (2 in the summer before school starts and 2 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Bi-monthly staff meetings will be coordinated so that grade level meetings will be incorporated which will give teachers the opportunity to meet by grade level in order to collaborate on best teaching practices and monitor student growth. The three School-Wide goals during the 2022-2023 academic year are writing across the curriculum, oracy and growth mindset in Math and English Language Arts. One of the teaching practices that we will continue to focus on more this year is writing across the curriculum, with an emphasis in Math. The emphasis will be to write out the steps in math in order to have a deeper understanding of the math concepts being taught. Another teaching strategy is to continue to incorporate a Growth Mindset approach to learning.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials. Hot-Spots have been provided to households in need of them, so that every child has accessibility to district applications like Lexia & ST Math.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms, and provided to our students that are on Independent Study. Additional on-line resources have been centrally purchased to provide access to standards-aligned materials remotely via the internet. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Oxnard School District's (OSD) Student Profile was developed to ensure opportunity and equal educational access for all students. OSD wants to ensure all students are prepared for the future and challenged to select rigorous courses in their future endeavors. Equipped with the tools, knowledge, and skills to be high school, college, and career ready. First instruction is a critical component to enable under-performing students to meet standards, and to ensure we have the Student Profile traits at the forefront. Teachers will continue to Progress Monitor their students to ensure underperforming students meet standards. As a site, we will focus on the Instructional "Look Fors" as evidence for supporting instructional goals. Elm St. School spent a considerable amount of time analyzing all the Instructional "Look Fors" and coming to consensus, with an emphasis on how to support students. Instructional "Look Fors" for the 2022-2023 academic year will be active participation of all students with scaffold support provided by teachers, instruction and student work are based on grade level CCSS, frequent checking for understanding and corrective feedback, and evidence of well-established routines and practices (CHAMPS).

Evidence-based educational practices to raise student achievement

At Elm Street School, we will participate in Professional Learning Community practices, grade level teaming and collaboration to support first instruction. The Instructional "Look-Fors" have provided a foundation for best first instruction, and the Principal's classroom visits will have an instructional focus based on our School-Wide goals and the Instructional "Look Fors". The data collected from local assessments will guide and drive instruction in the classroom during whole group and small group intervention groups. Teachers will continue to Progress Monitor their students in a systematic format to raise student achievement.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Elm St. School, throughout the school year, parents are invited to participate in a variety of educational and advisory opportunities. In March of 2020, when the school closure took place due to the COVID-19 pandemic, we learned to conduct our parent meetings virtually via Zoom. Agendas continue to be provided via our Elm website and sent to families via Class Dojo but most importantly we included Zoom link information for our families included with the Agenda. What we learned at Elm St. School is that our families were able to actively participate remotely from their homes, place of business or work location with a sense of ease. What we also learned is that families prefer to participate remotely because they could stay at home caring for their families, maintaining their business hours, and taking their lunch/dinner break from work to connect. During the 2022-2023 academic year, we will continue to offer meetings remotely. Coffee with the Principal has been moved from meeting in the morning to meeting in the late afternoon to accommodate family preferences. School Site Council (SSC), English Language Advisory Committee (ELAC), and Parent Teacher Association (PTA) will continue to be in the late afternoon to accommodate family preferences. Our SSC consists of 5 parents with direct input into our School Plan for Student Achievement (SPSA). The English Language Advisory Committee (ELAC) also provides recommendations to our SSC for English Language Learners (ELL) services to include into the SPSA. Parents are invited to our regularly scheduled SSC, ELAC, Coffee with the Principal, PTA, and Title I meetings to stay informed and provide input on programs available to our students. Our PTA provides parents the opportunity to participate in fundraising opportunities and programs that support the educational programs at Elm St. School. Parent workshops, classes, and trainings are offered throughout the school year (CABE, Project 2Inspire, Triple P positive parenting, Healthy Bodies Healthy Minds, Nutrition, Mental Health, Family Reading Nights, Latino Literacy project, Loving Solutions, Parent Project, Citizenship, etc.). Parents are also encouraged to attend our Back to School Night which includes our Title 1 Meeting, Reading Nights, trimester awards ceremonies, and parent-teacher conferences in Fall and Spring.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

It is critical to have all the stake holders involved in the evaluation of the ConApp Programs. At Elm St. School, the Principal has developed a yearly calendar to ensure that all the stake holders are involved. During the 2022-2023 academic year, the Leadership Team will be meeting monthly, and notes are sent out to all Elm St. Staff at the end of the day. The notes have kept us accountable to meet with grade level teams about what was discussed and if anything needs to be discussed at the next Leadership Team or at the next Staff Meeting. The Principal also meets with the SSC, ELA, and PTA on a regular basis to share goals for the year. Coffee with the Principal is also an informal manner to receive recommendations or get feedback from the community. Even though Coffee with the Principal is an informal gathering, valuable information has been shared regarding school safety, and community safety at large.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

The following services will be funded to enable under performing students to meet the standards:

Transitional Kindergarten Paraprofessional Support
Kindergarten Paraprofessional Support
Paraprofessional Support by the hiring of two 8 hour positions
Intervention Support Providers (ISP)
Professional Learning Communities
Substitutes for SST/IEP meetings
Library Media Technician
Professional Development and Conferences

Centralized Funding has provided extra support through the hiring of a Literacy Intervention Teacher (LIT), which will target small group intervention in reading with an emphasis in the primary grades. Site funding through Title III will be allocated to support English Language Learners (ELL) by providing extra support through an Intervention Support Provider (ISP), which will also target small group intervention in reading. Title 1 funding will also be allocated to support underperforming students by providing extra support through an Intervention Support Provider (ISP), which will target small group intervention in reading.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide” Title I. Funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Language Learners.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Instructional Leader began the involvement process for the SPSA and Annual Review and Update with the Leadership Team in May 2022 . The proposed 2022-2023 school budget was also shared along with the correlation of the three SPSA goals to the allocation of funding. Each grade level Leadership Team Member shared the SPSA at their grade level meeting and new goals were set for both English Language Arts and Mathematics. The Instructional Leader shared the SPSA along with the budget with SSC as well as the ELAC committee. The instructional Leader collected feedback from Leadership Team, Grade Level Teams, SSC and ELAC in order to support all the strategies/activities as written in the SPSA. The proposed 2022-2023 school budget was aligned directly with the three goals as stated in the SPSA. The SPSA is a living document and will be shared with stakeholders. We will be reviewing the effectiveness of each action as detailed in the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The substitute shortage has impacted our instructional program. Our teachers have not been able to attend Professional Development opportunities on a consistent basis due to the substitute shortage. The Paraprofessional shortage has impacted our instructional program, especially in Kindergarten.

Conclusions based on this data:

Elm St. School had a significant loss of enrollment in Kindergarten. During the 2019-2020 academic year, Elm had four Kindergarten Classes, and we dropped down to three Kindergarten classes. Our enrollment went from 550 in the 2019-2020 academic year to 500 in the 2021-2022 academic year. We continue to have low enrollment. With

the addition of the Transitional Kindergarten Class added to Elm during the 2022-2023 Academic year, we are hoping it will encourage more families to enroll their children to Kindergarten for the upcoming years.

Conclusions based on this data:

During the 2021-2022 STAR 360 Early Literacy Assessment Window, Elm St. School increased a total of 24% over the course of the year. During the Fall Window, 7.1% of students were at and above benchmark. At the End of Year Window, 31.1% of students were at and above benchmark. As compared to Oxnard School District as a whole, we are 8.8% lower within the at and above benchmark. The STAR 360 Early Literacy Spanish Assessment indicates that our students increased by 18.2% over the course of the year. During the Fall Window, 18.6% of students were at and above benchmark. At the End of Year Window, 36.8% of students were at and above benchmark. As compared to Oxnard District as a whole, we were 21% lower within the at and above benchmark. I want to celebrate and recognize that Elm St. School students made significant gains as compared to where they started this academic year and where they ended at the end of the year. The scores are a reflection on the work that is taking place in the classroom with First Instruction and Progress Monitoring. We will continue to strive for excellence and have high academic expectations.

Conclusions based on this data:

Elm St. School students overall increased the percentage of students in the Met Standard and Exceeded Standard when comparing the 2018-2019 Academic year as compared the the 2021-2022 Academic year. When looking back over the last two years of not taking the CAASPP due to a Worldwide Pandemic and comparing where are students are at the present time, it is truly astonishing that our students are doing slightly better at the present time in third and fifth grade. This achievement is based on First Instruction by focusing on Common Core State Standards and the Priority Standards. The percentage of third grade students in the 2021-2022 academic year at the Met and Exceeded Standard are at 20% as compared to only 15.5% of third graders that were at the Met and Exceeded Standard in 2018-2019. The percentage of fourth grade students in the 2021-2022 academic year at the Met and Exceeded Standard are at 15% as compared to only 27.27% of fourth graders that were at the Met and Exceeded Standard in 2018-2019. The percentage of fifth grade students in the 2021-2022 academic year at the Met and Exceeded Standard are at 29% as compared to only 24% of fifth graders that were at the Met and Exceeded Standard in 2018-2019. We have a lot of work ahead of us, but we are on a positive trajectory when analyzing STAR 360 Scores in Early Literacy in English and Spanish as well as STAR 360 Reading scores in English and Spanish which has been a focus during the 2021-2022 Academic Year.

Strategy/Activity 1
Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Provide time through grade level collaboration via weekly meetings to meet in Professional Learning Communities (PLC) for at least one hour in order to increase the capacity of teachers to deliver effective data-driven instruction and to provide opportunities for teachers to collaborate to improve teaching and learning. Grade level collaboration is also a critical component of the Student Study Team process in order to share concerns regarding students and provide intervention supports. Teachers develop intervention opportunities for struggling students and once intervention data has been analyzed the next step would be to follow up with Student Study Team process to document concerns and follow through with next steps to support students.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Ensure the appropriate time for language arts, mathematics, and ELD instruction at each grade level by monitoring daily classroom schedules and classroom visits. Principal is also monitoring rigorous first instruction during classroom visits. Teachers have also implemented progress monitoring, and are using the Group Intervention Tracking Form to review post assessments and next steps. As a result of implementing Progress Monitoring, the fourth and fifth grade teachers are administering the STAR 360 at the end of their 6-8 week cycle of intervention. The data will give teachers information for their next steps of intervention.

Strategy/Activity

Staff will ensure the full implementation of the district adopted Wonders/Maraviillas ELA/ELD curriculum, and My Math mathematics curriculum, assessments, and support the CCSS for reading, ELD, and mathematics. In Grades Kindergarten, First, Second, third and fourth grade the implementation of the Dual Language Immersion (DLI) Biliteracy Unit Frameworks (BUF) will be implemented with fidelity. Focusing on the Priority Standards continues to be an area that the Elm St. School staff will continue to implement. The Special Education team also communicates with the regular education classroom teacher to ensure that our Special Education students are receiving support with CCSS. During IEP meetings we ensure the accommodations and

modifications are closely reviewed and adjusted, so that our students receive what they need to be successful.

Strategy/Activity

The district has hired Literacy Intervention Teachers (LIT) for each school site to provide extra support in English Language Arts to our students. The LIT Teacher will be using Leveled Literacy Intervention (LLI) to provide extra support to students identified through our Multi-Tiered Support System. The initial emphasis will be to provide small group instruction to second and third grade students. After reviewing STAR 360 data along with LLI data, we feel it is critical to support second and third grade as we start the 2022-20223 academic year. We feel this student group was most adversely impacted by school closures in March of 2020 due to a world-wide pandemic. The school closures and distance learning adversely impacted a strong foundational skill in literacy. Our LIT teacher is also guiding and supporting our ISP Teachers.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to school closures in March of 2020, our third through fifth grade students were not given to opportunity to take the CAASPP assessment in May of 2020 and May 2021 which has driven us to look at local assessments more closely for the data information needed to drive instruction. Meeting as grade level teams and focusing on the Professional Learning Community cycle of inquiry guides teachers, and the data at Elm St. School confirmed the importance of meeting in Professional Learning communities with fidelity. Teacher collaboration by grade level was provided at least twice a month after-school to be able to collaborate on best teaching practices and monitor student growth with fidelity. Our current STAR 360 data in Early Literacy, Reading and Math reflects the challenges the Elm St. School community has encountered through Distance Learning. The Principal will hold a Leadership Team meeting the first Monday of the month followed by a PLC meeting. There will only be two Staff meetings a month and the rest of the Staff Meetings will be dedicated to PLC/grade level meetings. During the 2022-23 academic year, two Instructional Support Providers will be hired to continue with Tier 2 intervention. We will also keep the new Oxnard School District Student Profile at the forefront to ensure we are meeting the needs of the whole child for future success.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our current STAR 360 data in ,Early Literacy, Reading and Math reflects the challenges the Elm St. School community has encountered through the closing of school due to the COVID-19 Pandemic and Distance Learning.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The Instructional Leader is documenting a systematic approach to visiting classrooms to focus on School-Wide Goals, and the Instructional "Look Fors" in order to give immediate positive feedback. Instructional Leaders goal is visit each grade level and take anecdotal notes in order to observe daily routines and teaching practices, and provide support and guidance to ensure Common Core State Standards are being taught with fidelity at a rigorous level.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	School suspension rate continues to be less than 1%.	Continue to maintain 1% or lower suspension rate.
Attendance	Continue to monitor attendance via SARB hearings at the site and district level. The ORC and Attendance Technician will continue early intervention by meeting with families to discuss importance of regular attendance. ADA was 96%.	Maintain a 97% ADA via parent mini-SARB meetings at the site level and communication from school to home on the importance of attendance. Multiple home visits were a key factor to increase improved attendance from month to month.
Office Discipline Referrals	Use PBIS and counselor support to continue to promote positive behavior.	Reduce office discipline referrals through the use of office discipline referral forms which facilitate more teacher interventions, and ongoing PBIS training for all staff.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the Pandemic an extra emphasis has been put on the social emotional well being of our student population. As a staff we recognize the importance of implementing Community Circles into the classroom, on a regular basis, to address the social emotional needs of all of our students. The Pandemic has created new stressors and we need to address the social emotional toll it has taken on our student population. Community Circles are a positive outlet for students to share their feelings. The social-emotional, health and well-being needs of students has been consistently met though the overall implementation of the strategies/activities on a consistent basis.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal in comparison to the previous year. There is no additional cost.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The incorporation of the Panorama Survey for Kindergarten through fifth grade students has provided valuable data. Elm St. School has had a very high percentage of third through fifth grade students participating in the survey because our School Counselor supports the teachers and

students. The School Counselor blocks off time to support each classroom. The data collected has been shared with teachers, and our school counselor has created small groups to address the need of our students based on the data collected from the Panorama Survey. During the 2020-2021 Academic Year, the Panorama Survey was modified to include Kindergarten through second grade students. The Panorama Survey will be administered three times throughout the school year, with guidance and support by School Counselor.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth which has been consistently met through the overall implementation of the strategies/activities on a consistent basis. The strategies/activities from the 2021-2022 academic year will continue during the 2022-2023 academic year to achieve the articulated goals with a few changes. Since the school closures in March 2020, we have had to conduct our parent meetings virtually via Zoom and this has been a very positive experience. Families have been able to actively participate in SSC, ELAC and Coffee with the Principal without having to leave their families, place of business or work. Families have been able to actively participate without feeling the pressure of time constraints since we are holding meetings virtually. Since school has resumed, I am going to continue to offer families the opportunity to meet on the school campus or meet virtually.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal in comparison to the previous year. There is no additional cost.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There are no changes that have been made to this goal other than now being able to connect with families virtually.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Rosario V. Almanza	Principal
Erica Cahue, Vice President	Classroom Teacher
Praxedes Manriquez, Parliamentarian	Classroom Teacher
Ivette Zendejas	Classroom Teacher
Claudia Jimenez, Secretary	Other School Staff
Bertha Martinez, President	Parent or Community Member
Mirna Rojas	Parent or Community Member
Alberto Martinez	Parent or Community Member
Ramona Centeno	Parent or Community Member
Janeth Ramirez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 6, 2022.

Attested:

Principal, Rosario V. Almanza on June 6, 2022

SSC Chairperson, Bertha Martinez on June 6, 2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
