Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Vision of Juan Lagunas Soria School is to provide a happy, caring and stimulating environment through academics and the integration of Technology, Arts and Language (Te.A.L.) where children will believe in exceeding their potential. The Mission of Juan Lagunas Soria School is to educate and prepare confident students to become college and career ready in an ever changing global society.

As described within our Vision and Mission Statements, Juan Lagunas Soria School is committed to providing the best educational program possible for our students. The quality of our instructional program is a reflection of our highly committed staff. We are dedicated to ensuring Juan Lagunas Soria School is a welcoming, stimulating environment where students are actively involved in their education, emphasizing both academic and social/emotional learning. Through the shared vision of our staff, parents, and community, our students are challenged to reach their maximum potential. Our academic focus has centered on building strong foundations in reading, writing, and mathematics. Throughout the 2022-2023 school year, Juan Lagunas Soria School will emphasize accelerating learning and building rigor across all core content areas with an emphasis on Technology, Arts and Language, our school's Te.A.L. Strand Focus, while scaffolding instruction to strengthen students' skills on grade-level standards. Students are encouraged and supported to build their literacy or biliteracy skills in order to reach their reading potential. Teachers will concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state-wide summative assessments. Teachers will also continue focusing on implementing Mathematical Mindset strategies across all grade levels, enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics. Our School Site Leadership Team meets regularly to guide grade-level teacher collaboration modeled after the cycle of inquiry in order to continue making improvements in the areas of curriculum, instruction, and assessment so that students may experience school success across all academic, social, emotional, and behavioral areas.

Juan Lagunas Soria School supports the Oxnard School District's vision for a comprehensive Student Profile and will continue aligning school-wide systems and practices to meet the seven characteristics of the OSD Student Profile, which include:

1. Innovator: Students will be creative writers, successful readers and mathematical thinkers; able to create, design, and apply new knowledge in a variety of contexts.
2. Problem Solver: Students will be confident and solution oriented; able to demonstrate a growth mindset and advocate for themselves and for others.
3. Achiever: Students will be able to demonstrate their knowledge on local and state measures in all academic areas.
4. Global Thinker: Students will be compassionate, multilingual, multicultural, and global thinkers; able to understand and to convey pride in their identity, heritage, and history.
5. Collaborator: Students will be collaborative learners; able to communicate and learn through and with others.
6. Digital Learner: Students will be technologically, artistically, academically and linguistically prepared to succeed and to lead.
7. Focused on the Future: Students will be high school, college, and career ready; challenged to select rigorous courses and equipped with the tools, knowledge, and skills to be prepared for the future.

At Juan Lagunas Soria School, our over-arching academic goal is to raise achievement scores for all students and all significant student subgroups (English Learners, Hispanic, White, Students with Disabilities, and Socioeconomically Disadvantaged). Working together within a Professional Learning Community context, teachers are engaged in ongoing, grade-level collaboration to analyze and discuss formative and summative assessment data in order to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instructional practices in both Sheltered English Instruction (SEI) and Dual Language Instruction (DLI) contexts;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills across all four language domains of reading, writing, listening, and speaking;
4. Integrate instructional technology (e.g., One-to-One devices, Promethean Boards, Hovercams, Canvas - Learning Management System) to enhance student engagement; and,
5. Develop and implement student support and intervention programs and services to address students academic achievement and/or social/emotional learning needs.

Utilizing a Multi-Tiered Systems of Support (MTSS) approach, student performance and progress are monitored by teachers while implementing standards-based Tier I-Level instruction for all students. Students not meeting academic grade-level expectations are identified through the Coordination of Services Team (CST) and Student Success Team (SST) process. This process serves to inform changes needed at the Tier I instructional level or services and supports at the Tier II and/or Tier III levels provided by classroom teachers and/or other school personnel before, during, and/or after the instructional day. One example of a Tier II or III-level intervention is the Leveled Literacy Intervention (LLI) program facilitated by the the Literacy Intervention Teacher. Tier II to Tier III-Level Intervention services are typically provided in small group contexts and focus on students' needs in the areas of literacy, English Language Development (ELD), and/or mathematics. In order to address our students' social, emotional, and behavioral needs, the MTSS/CST/SST process is also used to identify students who are in need of receiving short-term individual and/or small group counselling services provided by our school counselor or long-term individual counselling services provided by county programs. In addition, our Attendance Tech and Outreach Coordinator provide support and incentives to students in need of improving daily attendance prior to referring students to the School Attendance Review Team (SART) or School Attendance Review Board (SARB). Students who qualify for Special Education receive Specialized Academic Instruction, Speech and Language support, and/or Counselling support services to meet their academic, language and

communication, and/or social/emotional goals identified within their Individualized Education Plans. Students are also given the opportunity, based on need and availability, to enroll and participate in the Oxnard Scholars after school program to receive additional core instruction, academic enrichment, and study skills support.

Here at Juan Lagunas Soria, we take pride in fostering a school culture driven by a safe, positive, and professional learning environment. To ensure the safety of all students, school administration, campus supervisors, and other school personnel continuously monitor and supervise students throughout the instructional day. Our progressive discipline matrix assists teachers and administration with clear guidelines for responding to student behavior at both the classroom and school levels. Our school dress code policy sets standards and expectations for appropriate school clothing so as not to interfere with student learning. The Positive Behavior Intervention and Support (PBIS) model concentrating on STOIC (Structure, Teach expectations, Observe and monitor, Interact positively, and Correct fluently) guides all staff in providing a proactive and positive approach to promoting teacher/student relationships and managing student behavior both in and out of the classroom. Our PBIS/School Safety Team meets on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Juan Lagunas Soria School hosts student assemblies to honor and recognize the hard work and positive choices students make by rewarding students with praise, recognition, and incentives. Teachers coordinate culminating activities, such as school performances, to demonstrate to parents, families, and other grade levels the knowledge and skills their students have mastered throughout the course of a unit or trimester. Students are also offered enrichment opportunities to excel in areas outside of academics, such as athletics, extracurricular clubs, and student leadership programs.

In order for students to achieve their fullest potential, we fully understand that parent and family engagement plays a critical role in ensuring students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC) offer and encourage parents to become active participants in their children's schooling through a variety of engaging and meaningful educational experiences. The school's Parent and Family Engagement Policy provides clear guidelines for parents to serve as volunteers in classroom and school activities. When possible, our Back to School Night, Parent Nights, Athletics program, and PTA-sponsored social events further support and foster parental engagement. Moreover, by offering a rigorous academic curriculum taught using data driven instructional practices, by maintaining high expectations for student success, by fostering a safe, positive learning environment, and by strengthening home-school partnerships to increase parent and family engagement, Juan Lagunas Soria School will meet the goals identified within this School Plan for Student Achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Ongoing data from both formal and informal classroom observations conducted weekly in Kindergarten through 8th grades throughout the school year, along with collaboration with the school site Leadership Team and Community stakeholder committees (School Site Council, ELAC, PTA), assisted with the development of the goals, actions, and services highlighted throughout this School Plan for Student Achievement. Analysis of this classroom observational data highlighted the need for improved, systematic, purposeful, and evidence-based teacher collaboration using both formative and summative data to inform SEI/DLI instruction, identify priority curriculum standards, and develop targeted student intervention and supports; a more robust implementation of the Multi-Tiered Systems of Support Model utilizing a cycle of inquiry approach; an emphasis on academic writing across all core subject areas; a continued focus on integrating Mathematical Mindset strategies to promote students' critical thinking and problem solving skills in the area of Mathematics; and integration of social emotional learning strategies and activities at the classroom and school levels to address and improve student wellness.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Juan Lagunas Soria utilizes data from formative (Star 360 Early Literacy/Reading and Math in English, as well as Spanish for students enrolled in the Dual Language Immersion program, CAASPP Interim Assessment Blocks, Writing prompts, ELD assessments, curriculum-embedded assessments, and Panorama) at critical points throughout the school year to modify instruction based on Common Core State Standards in order to improve student achievement and social/emotional learning outcomes for all significant student subgroups. For the 2022-23 school year, the school will add the ESGI progress monitoring tool in Kindergarten to enable teachers to regularly track student progress on attaining grade-level academic skills in literacy and math. Grade level teams meet regularly within a Professional Learning Community context to analyze formative assessment results in order to guide instruction and continue making progress towards meeting school-wide goals. Towards the end of the school year, mandated summative assessments (CAASPP, ELPAC) are administered to report student progress at the state level, as measured by the California School Dashboard.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Within a Professional Learning Community context, grade-level teams will collaborate frequently to analyze data from both formative and summative assessments in order to monitor student achievement and social/emotional learning outcomes to inform and modify classroom instructional practices based on key learning targets within the Common Core State Standards . Ongoing monitoring of formative and summative assessment data will also enable grade-level teams to identify students in need of intensive, evidence-based small group intervention provided by the classroom teacher and/or Literacy Intervention Teacher during the instructional day or during before or after school tutoring.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is also offered to teachers when new curriculum is adopted and follow up training is available for continuous support with curricular materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and on the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special education assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Working together within a Professional Learning Community context, teachers are part of ongoing, grade-level collaborative teams that analyze and discuss formative and summative assessment data from state and local assessments in order to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instruction practices in both Sheltered English Instruction (SEI) and Dual Language Instruction (DLI) contexts;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills across all four language domains of reading, writing, listening, and speaking;
4. Integrate instructional technology (e.g., One-to-One devices, Promethean Boards, Hovercams) to enhance student engagement within the current Distance Learning context; and,
5. Develop and implement student support and intervention programs and services to address students academic achievement and/or social/emotional learning needs.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis and intervention courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have equal access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based and aligned to the Common Core Standards. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers first provide Tier I-Level standards-based instruction to all students, integrating all four levels of depths of complexity to increase the level of academic rigor throughout all core content areas. Through frequent, ongoing, and evidence-based collaboration, teachers are able to analyze ongoing formative assessment data to progress monitor student achievement and social/emotional learning outcomes in order to identify underperforming students in need of targeted intervention services. Utilizing the Multi-Tiered System of Supports (MTSS) model, specific and aligned intervention strategies are provided to underperforming students at the Tier I, II and III levels. Students' progress and response to these intervention strategies are closely monitored through the use of pre and post-assessment data during six to eight week long rounds of intensive intervention. Students who continue not meeting the expected outcomes from intervention will then be referred to the Success Study Team (SST) process, which includes other school personnel (e.g., School Counselor, Outreach Coordinator, Administration) and parents, to identify the necessary Tier I, Tier II or III-level services that are needed to address the student's academic and/or social/emotional needs. Students who still do not demonstrate adequate progress after having ongoing intensive and targeted intervention and support may be referred for Special Education assessment if it is suspected that a student has a learning disability that is interfering with the student's ability to perform at grade-level standards.

Evidence-based educational practices to raise student achievement

Classroom teachers integrate evidence-based educational practices to raise student achievement outcomes for all students. These practices may include, but are not limited to, the provision of clearly articulated learning goals based on Common Core State Standards, integrating depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards, use of scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations, the provision of immediate feedback to students, reteaching of core subject matter based on formative assessment data, facilitation of student collaboration and peer modeling strategies, and teachers' belief of every student's ability to achieve success on grade-level Common Core State Standards.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Juan Lagunas Soria School provides several opportunities throughout the school year to strengthen partnerships with family, school, district, and community stakeholders to assist under-achieving students. Parents are encouraged to volunteer in the classroom and in school activities as well as become involved in site-based parent groups such as the School Site Council (SSC), Parent Teachers Association (PTA) and the English Advisory Committee (ELAC). These parent groups play an active role in developing and monitoring school goals. Parent nights engage stakeholders in academic activities to raise awareness and understanding of the expectations set by the Common Core State Standards. Throughout the year, parents will be invited to attend Parent/Teacher Conferences to collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents will also be encouraged to attend Student Success Team meetings if their child has been identified as significantly below grade-level standards or is exhibiting significant needs in social, emotional, and/or behavioral areas. Parent trainings and educational workshops are coordinated and provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. These trainings focus on topics such as parenting classes, parent engagement and advocacy, nutrition classes, bullying, A through G requirements, and how to support students' academic and social/emotional needs. Fiscal resources fundraised by the Juan Lagunas Soria PTA assist in supporting standards-based field trips; providing supplemental instructional resources for classroom teachers; supporting student assemblies, extracurricular activities, and athletics; and providing funding for incentives and rewards for students who meet their learning goals and achieve school success.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Juan Lagunas Soria School will continue to prioritize parent and family engagement during the 2022-23 school year. Parents, community representatives, classroom teachers, and other school personnel serve a vital role in guiding the planning, implementation, and evaluation of ConApp programs. Parent representatives on the School Site Council, English Language Advisory Committee, and Parent Teacher Association are elected on an annual or biennial basis. School or district-adopted bylaws govern the protocols and decision-making process for each of these committees to ensure annual goals and fiscal spending is centered on student success. Throughout the 2022-23 school year, the school staff, community, and governance stakeholder groups will continue to monitor the actions identified to support the SPSA goals and to determine the school's effectiveness of meeting these goals for all students and all significant subgroups (English Learners, Hispanic, Students with Disabilities, and Socioeconomically Disadvantaged). School Site Council and the English Language Advisory Committee meet monthly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. School administration will meet with classroom teachers and other school personnel on a regular basis to analyze and monitor student achievement data and social/emotional learning outcomes in order to improve curriculum, instruction, and assessment.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Analysis of current and longitudinal student achievement data guides the development of school goals and strategies to further increase achievement outcomes for all students, while also informing the identification, selection, and implementation of categorically funded services to enable underperforming students to meet grade-level Common Core State Standards. At Juan Lagunas Soria School, categorical funding from Title I, III, and LCFF is utilized to support student intervention and enrichment programs aligned with meeting the needs of all students. Specifically, categorical funding is used to provide intensive, small group intervention before, during, and after the instructional day to students identified as not meeting grade-level standards and/or learning goals. Categorical funding supports standards and evidence-based teacher collaboration, as well as professional development, focused improving classroom and school-wide instructional programs and practices. Funding also supports the Outreach Coordinator position, who is responsible for coordinating and/or facilitating parent trainings and educational workshops aimed at strengthening parental involvement to support student learning. Funds will be utilized to support the middle school Advancement Via Individual Determination (AVID) program and student enrichment programs and activities aligned to the school's Te.A.L. strand focus or that benefit student engagement, athletics, leadership, and/or student wellness.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Juan Lagunas Soria School governance stakeholder groups were involved in the development of this School Plan for Student Achievement (SPSA). School Site Council met regularly throughout the 2021-22 school year to analyze formative student achievement data and social/emotional learning outcomes in order to align categorical funding to students' academic and social/emotional/behavioral needs. In addition, School Site Council acknowledged the input provided by school staff to support the development of the three SPSA goals and objectives focused on setting high academic standards in Language Arts and Math, providing social/emotional support and fostering a positive and safe school climate, and increasing parent and family engagement. School administration met with the English Language Advisory Committee on an ongoing basis to review the SPSA and discuss the strategies which focus on increasing parent and family engagement and building English Learners' language proficiency skills to ensure academic success. The school's Parent Teacher Association was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Compared to the 2021-22 school year, there has been a slight increase in school allocated funding, approximately \$12,017, for the 2022-23 school year. At the same time, the school district has allocated funding to cover expenditures directly related to school-level operations, including funding for one full-time 8 hour Outreach Coordinator position to support parent and family engagement, the provision of a Literacy Intervention Teacher to support literacy-based Tier II and Tier III-Level intervention for students not meeting grade-level standards in language arts, the continuation of a district-wide learning management system (Canvas), one-to-one devices for all students, and school-wide instructional applications and programs (e.g, ST Math, Lexia, MyOn). As a result, there are currently no resource inequities related to fiscal funding. Outside of fiscal funding, time and staffing may always be considered resource inequities in meeting the goals identified within this School Plan for Student Achievement, as these resources serve to benefit any school in increasing student achievement and social/emotional learning outcomes for students.

Total Enrollment	983	953	

Conclusions based on this data:

From 2019 to 2022, based on ethnicity, there have been only two significant subgroups of students (30 or more students) at Juan Lagunas Soria School: Hispanic/Latino and White. The percent of total of enrollment for each of these two significant subgroups has remained consistent during this time. Based on analysis of student enrollment

by grade level between 2019 and 2022, total enrollment has decreased by approximately 60 students. As a result, Juan Lagunas Soria School staff will continue to monitor changes in student enrollment and the impact these changes have on the programs and support services provided at each grade-level.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	18-19	19-20	20-21	18-19	19-20	20-21

Reclassified Fluent English Proficient (RFEP)	25	83	31	8.0%	26.3%	3.30%

Conclusions based on this data:

Based on analysis of English Learner enrollment at Juan Lagunas Soria School for the 2018-19 school year, 30.5% of Juan Lagunas Soria School's total student population were English Learners. An additional 8.0% of Juan Lagunas Soria School's total student population during the 2018-19 school year was made up of students who had been redesignated as Reclassified Fluent English Proficient (RFEP) students. While the percentage of English Learners has remained fairly consistent throughout the past three school years from 2018 to 2021, the percentage of students being redesignated as RFEP has fluctuated from 8.0% in 2018-19 to 26.3% in 2019-20 to 12.7% in 2020-21. As a result, Juan Lagunas Soria will continue to provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day, while, at the same time, continue to monitor RFEP students' academic performance in both SEI and DLI instructional settings.

Star Early Literacy

Juan Lagunas Soria School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score

Grade 2	25	11	44%	6	24%	3	12%	5	20%	3	868

Conclusions based on this data:

Test results have been provided using school/district benchmarks. Based on Star 360 Star Early Literacy formative assessment data, 59% of Kindergarten students and 38% of 1st grade students scored at or above benchmark for their grade level. Overall, these results indicate that students will require further intervention and instructional support to improve their phonemic awareness in order to be able to improve their decoding and reading fluency skills so that they may begin comprehending grade-level passages and texts. The administration of the Star Early Literacy assessment is optional in 2nd grade, hence, the limited data available at this grade level in comparison to Kindergarten and 1st grade. However, it is important to note that out of the 36 students who completed this assessment, 61% of students fell within the Urgent Intervention range, making a strong case for the need for reading intervention and support in 2nd grade and up. By analyzing Star 360 data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will continue to identify students' skill deficits in the area of language arts so that they may strategically provide students opportunities during Tier I level instruction to address their specific literacy needs through an accelerated learning instructional model. Throughout the school year, teachers will progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Students not meet grade-level standards will be referred to the CST and/or SST process. Should Tier II or III-level interventions be determined necessary, students may be referred to the Literacy Intervention Teacher to participate in the Leveled Literacy Intervention program. Teachers will also continue to promote students' participation and engagement with Lexia, which serves as an additional individualized intervention program for targeting and building students' literacy skills.

Conclusions based on this data:

Tests results have been provided using school/district benchmarks. Based on Star 360 Reading formative assessment data, the percentage of students scoring at or above benchmark for each grade level ranges from 30% (3rd Grade) to 50% (4th Grade). Similar to the Star Early Literacy assessment data, these results further support the need for literacy intervention and support across all grade levels and across all tiers of instruction (MTSS Tier I, II, and III) in order to improve students' language proficiency skills. By analyzing Star 360 data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will continue to identify students' skill deficits in the area of language arts so that they may strategically provide students opportunities during Tier I level instruction to address their specific literacy needs through an accelerated learning instructional model. Throughout the school year, teachers will progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Students not meet grade-level standards will be referred to the CST and/or SST process. Should Tier II or III-level interventions be determined necessary, students may be referred to the Literacy Intervention Teacher to participate in the Leveled Literacy Intervention program. Teachers will also continue to promote students' participation and engagement with Lexia, which serves as an additional individualized intervention program for targeting and building students' literacy skills.

Conclusions based on this data:

Tests results have been provided using school/district benchmarks. Based on Star 360 Math formative assessment data, the percentage of students scoring at or above benchmark for each grade level ranges from 33% (8th Grade) to 54% (1st Grade). These results further support the need for math intervention and support across all grade levels and across all tiers of instruction (MTSS Tier I, II, and III) in order to improve students' proficiency skills in the area of mathematics. By analyzing Star 360 data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will identify students' skill deficits so that they may strategically provide students opportunities during Tier I level instruction to address their specific needs in the area of mathematics through an accelerated learning instructional model. Throughout the school year, teachers will continue to progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Teachers will focus on integrating Mathematical Mindset strategies throughout the instructional core Mathematics program as well as continue to promote students' participation and engagement with ST Math, which serves as an additional instructional resource for building students' mathematical reasoning skills.

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

No data was available from the 2019-20 school year as the state-wide CAASPP summative assessment was cancelled due to the global COVID 19 pandemic. Reported ELPAC data reflects the 2017-18, 2018-19 and 2020-21 school years. Based on analysis of ELPAC summative data, all students in grades K-7 at Juan Lagunas Soria School demonstrated a significant decrease in student achievement outcomes between the 2017-18 and 2020-21 school years, with students' Overall Language scores in Levels 3 and 4 decreasing from 81.21% in 2017-18 to 60.44% in 2020-21. According to the data listed above, the total number of students tested on the ELPAC,

however, did decrease by 96 students between these two school years. Similarly, Oral Language and Written Language scores for students in grades K-8 also demonstrated significant decreases, with the percentage of students scoring in Levels 3 and 4 in Oral Language decreasing by 9.56 percentage points and the percentage of students scoring in Levels 3 and 4 in Written Language decreasing by 35.87 percentage points. Based on the significant decreases in students' ELPAC scores from 2017-18 to 2020-21, Juan Lagunas Soria School teachers will continue to focus on providing effective designated and integrated English Language Development, as well as intensive and strategic interventions and supports for English Learners, especially those identified as Long Term English Learners. In addition, professional development will continue to be coordinated and provided to classroom teachers to improve instructional strategies that focus on scaffolding core content to ensure English Learners can access grade level standards without decreasing depths of knowledge levels and rigor in both Sheltered English Instruction (SEI) and Dual Language Immersion (DLI) settings.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Language Arts and Math

LEA/LCAP Goal

All students will reach high academic standards, at a minimum, attaining proficiency or better in reading and mathematics.

Goal 1

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

To increase the capacity of teachers to deliver effective data-driven instruction.
 To provide equipment, materials and technology resources that support high quality instruction.
 To provide opportunities for teachers to collaborate to improve teaching and learning.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Ongoing analysis of Star 360 student achievement data throughout the 2021-22 school year highlighted concerns with students' academic ability and proficiency on grade-level standards in the areas of reading and mathematics after returning from both Distance Learning and Hybrid Learning environments. 2022 ELPAC and CAASPP summative assessment data will further help to reveal students' proficiency levels on grade-level standards. During the 2021-22 school year, school staff were successful with focusing instruction on core subject matter; emphasizing priority standards across each grade level. Teachers were able to collaborate frequently within Professional Learning Community grade-level teams to identify key learning targets within the Common Core State Standards to target and modify instruction based on students' needs, as well as share best practices for student engagement. Utilizing a Multi-Tiered System of Supports model approach, grade-level teams were also able to identify, through the Coordination of Services Team (CST) and Student Success Team (SST) process, students in need of small group intervention throughout the instructional day.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures were aligned with the intended implementation of the 2021-22 school plan. Juan Lagunas Soria School continues to focus on building strong academic foundations for all students while tightening and being more purposeful and systematic with evidence-based teacher collaboration and instructional strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Analysis of the 2021-22 SPSA and academic achievement outcomes resulted in the continued need for improved, systematic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus on integrating Mathematical Mindset strategies to promote students' critical thinking and problem solving skills in the area of Mathematics. For the 2022-23 school year, the school will add the ESGI progress monitoring tool in Kindergarten to enable teachers to regularly track student progress on attaining grade-level academic skills in literacy and math. As a result of actions taken during 2021-22 school year, teachers will continue to utilize Canvas and other digital instructional resources (e.g., Lexia, ST Math) to improve instructional strategies and programs in order to ensure student success.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2021-22 school year, the Outreach Coordinator, School Counselor, Attendance Tech, Assistant Principal and/or Principal met regularly to monitor student attendance, identify students at-risk of being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff provided support to families and recommended and/or referred students or parents to Ventura County-based social services, counseling, or other community-based services or programs in order to offer families support with addressing barriers which negatively impacted student attendance.

In terms of addressing our students' social, emotional, and behavioral needs, students were identified through the SST process to receive individual and/or small group counseling services provided by the school counselor or county-level services. The Positive Behavior Intervention and Support model guided staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom learning environment, whether virtually or in person. Our PBIS/School Safety Team met on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Trimester Awards Assemblies honored and recognized the hard work and positive choices students made by rewarding students with praise, recognition, and incentives.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures aligned to the intended implementation of the 2021-22 school plan. Juan Lagunas Soria School continues to focus on building strong foundations in social and emotional learning supports, while ensuring a safe and positive school climate for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2021-22 SPSA, chronic absenteeism and suspension rate data, the Juan Lagunas Soria School PBIS committee will analyze student discipline data more frequently to identify areas of focus and provide recommendations to school staff in order to strengthen our

school's positive learning environment. The committee will also collaborate with school staff to develop learning activities that reinforce school-wide expectations for student behavior across all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office. Juan Lagunas Soria school staff will focus on implementing the more comprehensive STOIC model, rather than just specifically focusing on CHAMPS as its PBIS approach strategy. Due to ongoing concerns regarding student behavior during bathroom visits, recess/nutrition and lunch times, two additional campus supervisors will be funded at the school site level for a total of ten supervisors to increase student supervision and school safety.

Goals, Strategies, & Proposed Expenditures

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Volunteers	During the spring of 2022 when COVID restrictions for parent volunteers were lifted, there were a total of 72 parents who completed the district clearance process to support school activities (e.g., field trips, Student Store).	During the 2022-23, Juan Lagunas Soria will maintain a minimum of 50 parent volunteers who have completed the district clearance process.

Annual Review**SPSA Year Reviewed: 2021-22**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

During the 2021-22 school year, Juan Lagunas Soria School facilitated Parent/Teacher Conferences so that parents could collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents attended Student Success Team meetings if their child was identified as significantly below grade-level standards or exhibited significant needs in social, emotional, and/or behavioral areas. Parent training and education were provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. Fiscal resources provided by the Juan Lagunas Soria School PTA assisted in providing supplemental instructional resources for classroom teachers.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures were aligned with the intended implementation of the 2021-22 school plan. Juan Lagunas Soria School continues to identify innovative strategies to build strong parent and family engagement in order to support student success for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on analysis of the 2021-22 SPSA and school outcomes, Juan Lagunas Soria School staff will continue to focus on fostering creative and alternative ways for parents to get involved and support their child's education and will continue promoting parent participation in school community stakeholder groups, such as School Site Council, the English Language Advisory Committee, and the Parent Teacher Association. The school will also provide supports and/or training to parents to increase their knowledge and skills with utilizing technology, the district-adopted Learning Management System (e.g., Canvas), supplemental instructional applications and subscriptions (e.g., Lexia, ST Math) that teachers are using to support student learning, and will provide parent training in specific areas identified by students' academic, social, emotional and/or behavioral needs.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Dr. Andres Santamaria	Principal
Kelley Elrod	Classroom Teacher
Alec Hess	Classroom Teacher
GinaMarie Alvarez	Classroom Teacher
Naomi Aguilera	Other School Staff
Eva Gomez	Parent or Community Member
Maria Magana	Parent or Community Member
Liz Robles-Ramirez	Parent or Community Member
Veronica Munoz	Parent or Community Member
Patricia Washington	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on June 8, 2022.

Attested:

Principal, Lauren Halko on June 8, 2022

SSC Chairperson, Mrs. Maria Magana on June 8, 2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
