Oxnard School District distributes its Annual Parents Rights Notification electronically. Parents may obtain a copy of the Annual Parents Rights Notification at the district office, each school site, or the district website (www.oxnardisd.org). Each school is required to maintain copies of the Annual Parents Rights Notification which shall be provided upon request.
Dear Parent/Guardian:

The Oxnard School District is required to annually notify parents and guardians of rights and responsibilities in accordance with Education Code 48980.

The following is a summary of those rights and responsibilities. It is also required under California Education Code 48982 that the parents or guardians indicate in writing that this information was received. Therefore, please read the information carefully, review with your student, and then complete, sign and return the Emergency Authorization Form where it states that you either received a written copy or accessed the same information on the district’s or your child’s school website. Your Signature neither indicates that your consent or withholding of consent to participate in any particular program. This form will be sent to you directly by your child’s school.

If you have any questions, or if you would like to review specific documents mentioned in the notice, please contact the principal at your child’s school. He or she will be able to give you more detailed information and assist you in obtaining copies of any materials you wish to review.

For your information: This Annual Notice is also available on the district’s website at http://www.oxnardsd.org.

Included in the Annual Parents’ Rights Notification (APRN) is a list of all active ingredients used in pesticides, as well as the intended dates and location of application. Parents/guardians will be notified of any changes to pesticide application schedule, unless otherwise advised. Notification shall be at least seventy-two (72) hours prior to the application, except in emergencies.

Parents/guardians seeking access to information on pesticides and pesticide use reduction developed by the Department of Pesticide Regulation pursuant to California Food and Agricultural Code 13184, can do so by accessing the department’s website at www.cdpr.ca.gov.

If you do not wish to receive communication from the District regarding changes to the pesticide application schedule, please complete Pesticide Notification Opt-Out Form.

Student Directory Information
Directory information may be disclosed without prior consent from the parent or legal guardian unless the parent or legal guardian submits a written notice to the school to deny access to his/her pupil’s directory information. Directory information regarding a pupil identified as a homeless child or youth shall not be released unless a parent, or eligible pupil guardian, has provided written consent that directory information may be released.

The Superintendent or designee may limit or deny the release of specific categories of directory information to any public or private nonprofit organization based on his/her determination of the best interests of district students. (EC 49073)

Under no circumstances shall directory information be disclosed to a private profit-making entity, except for representatives of the news media and prospective employers, in accordance with Board policy. (EC 49073)

Avoiding Absences, Excused Absences, Tardiness, Truancy

EC 48014, 48205, 48260, 48260(a), 48262, 48263, 48263.6, 48264, 48267, 48268, 48269, 60901; WIC 236, 601, 601.3, 651.5, 653.5, 654; OSD BP 5113

Avoiding Absences

The Oxnard School District urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. The district also asks that travel or other absences be avoided during the time school is in session. The higher the district’s daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs.

The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences. Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Chronic Absenteeism

EC 60901

A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

Excused Absences

EC 46014, 48205

Subject to any applicable limitation, condition, or other requirement specified in law, a student’s absence shall be excused for the following reasons:

1. Personal illness, including absence for the benefit of the student’s mental or behavioral health.
2. Quarantine under the direction of a county or city health officer.
3. Medical, dental, optometrical, or chiropractic appointment.
4. Attendance at funeral services for a member of the student’s immediate family, which shall be limited to one day if the service is conducted in California or three days if the service is conducted out of state.
5. Jury duty in the manner provided for by law.
6. Illness or medical appointment of a child to whom the student is the custodial parent.
7. Upon advance written request by the parent/guardian and the approval of the principal or designee, justifiable personal reasons including but not limited to:
   a. Appearance in court
   b. Attendance at a funeral service
   c. Observation of a religious holiday or ceremony
   d. Attendance at religious retreats for no more than four hours per semester
   e. Attendance at an employment conference
   f. Attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization
8. Service as a member of a precinct board for an election pursuant to Elections Code 12302.
9. To spend time with an immediate family member who is an active duty member of the uniformed services, as defined in Education Code 49701, and has been called to duty for deployment to a combat zone or a combat support position or is on leave from or has immediately returned from such deployment. Such absence shall be granted for a period of time to be determined at the discretion of the Superintendent or designee.
10. Attendance at the student’s naturalization ceremony to become a United States citizen.
11. Participation in a cultural ceremony or event which relates to the habits, practices, beliefs, and traditions of a certain group of people.

12. For a middle school or high school student, engagement in a civic or political event, provided that the student notifies the school ahead of the absence. Unless otherwise permitted by the Superintendent or designee, students shall be limited to one such school day-long absence per school year.
13. Participation in religious exercises or to receive moral and religious instruction at the student’s place of worship or other suitable place away from school property as designated by the religious group, church or demonization.

Absence for student participation in religious exercises or instruction shall not be considered an absence for the purpose of computing average daily attendance if the student attends at least the minimum school day as specified in AR 6112 - School Day, and is not excused from school for this purpose on more than four days per school month.

14. Work in the entertainment or allied industry.

Work for a student who holds a work permit authorizing work in the entertainment or allied industries for a period of not more than five consecutive days. For this purpose, student absence shall be excused for a maximum of up to five absences per school year.

15. Participation with a nonprofit performing arts organization in a performance for a public school audience.

A student may be excused for up to five such absences per school year provided that the student’s parent/guardian provides a written explanation of such absence to the school.

16. Other reasons authorized at the discretion of the principal or designee based on the student’s specific circumstances.

For the purpose of the absences described above, immediate family means the student’s parent/guardian, brother or sister, grandparent, or any other relative living in the student’s household.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

For purposes of this section, the following definitions apply:

1. “A civic or political event” includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums or town halls.
2. “Cultural” means relating to the habits, practices, beliefs, and traditions of a certain group of people.
3. “Immediate family” means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

Notification of Absence

State Law requires the parent or guardian to notify the school of the specific reason of absence. All school absences must be verified in person, by phone, or by written note. Board policy requires a doctor’s note after 14 excused absences for illness. Unverified absences will be entered as “unexcused” absences. In the event of an absence of more than two days, the school should be notified of the expected date the child will return to school. Absence notes should be turned in within 72 hours from the date the student was absent.

Tardiness

EC 48260(a)

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. Repeated tardies in excess of 30 minutes without a valid excuse may lead to the student being designated as truant.
**Truancy Definitions / Truant Consequences / Arrest of Truants**
EC 48260, 48262, 48263.6, 48264, 48267, 48268, 48269; WIC 236, 601, 601.3, 651.5, 653.5, 654

**Truancy Definitions:** A student is considered truant when he/she is absent from school for three full days or is absent from school (tardy or left early) for more than 30 minutes during the school day and the absence or tardy is without a valid excuse. After a student has been reported as a truant three or more times in a school year and the district has made a conscientious effort to meet with the family, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the school days in one school year, from the date of enrollment to the current date, is considered a chronic truant. Unexcused absences are all absences that do not fall within EC 48205 (listed above).

**Truant Consequences:** Any student who is identified as “Truant” may be assigned as a ward of the court, if the available community resources do not resolve the student’s continued problem of truancy, by a Probation Officer or Deputy District attorney.

**Arrest of Truants/School Attendance Review Boards:** The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from his/her home and who is absent from school without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Board (SARB).

### Enrollment

#### Alternative Schools Notification

EC 58501
California state law authorizes all school districts to provide for alternative schools. Education Code 58500 defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- **a)** Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- **b)** Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- **c)** Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- **d)** Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- **e)** Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Students in grades seven and eight who need additional support participate in alternative programs at their school of residence. Parents may contact the Ventura County Office of Education, Student Services Department at (805) 383-1800 to obtain enrollment information for county alternative school programs.

### Attendance Options/Permits

EC 48980(h); OSD BP 5111, 5116, 5116.1, 5117; OSD AR 5111.1
The Board of Trustees encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children entering a district school at any grade level about admission requirements and shall assist them with enrollment procedures.

---

2023-2024 Annual Parents’ Rights Notification

The Superintendent or designee shall announce and publicize the timeline and process for registration of students at district schools. Applications for intradistrict or interdistrict enrollment shall be subject to the timelines specified in applicable Board policies and administrative regulations.

All appropriate staff shall receive training on district admission policies and procedures, including information regarding the types of documentation that can and cannot be requested.

Before enrolling any child in a district school, the Superintendent or designee shall verify the child’s age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

The district’s enrollment application shall include information about the health care options and enrollment assistance available to families within the district. The district shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child’s health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family.

The district shall not inquire into or request documentation of a student’s social security number or the last four digits of the social security number or the citizenship or immigration status of the student or his/her family members. However, such information may be collected when required by state or federal law or to comply with requirements for special state or federal programs. In any such situation, the information shall be collected separately from the school enrollment process and the Superintendent or designee shall explain the limited purpose for which the information is collected. Enrollment in a district school shall not be denied on the basis of any such information of the student or his/her parents/guardians obtained by the district, or the student’s or parent/guardian’s refusal to provide such information to the district.

School registration information shall list all possible means of documenting a child’s age for grades K-1 as authorized by Education Code 48002 or otherwise prescribed by the Board. Any alternative document allowed by the district shall be one that all persons can obtain regardless of immigration status, citizenship status, or national origin and shall not reveal information related to citizenship or immigrant status.

The Superintendent or designee shall immediately enroll a homeless student, foster youth, student who has had contact with the juvenile justice system, or a child of a military family regardless of outstanding fees or fines owed to the student’s last school, lack of clothing normally required by the school, such as school uniforms, or his/her inability to produce previous academic, medical, or other records normally required for enrollment.

#### Home-to-School Transportation

OSD BP 3540 and 3541.1; OSD AR 3540, 3541 and 3541.1
The Board of Trustees, as a matter of choice and policy, has determined that it will provide home-to-school transportation for pupils under provisions of State law and regulations. Although state law does not require home-to-school transportation, the District offers limited transportation for pupils in grade Pre-K through 8th grade. All students must register to ride the bus. Pupil Transportation Registration forms are available at the District Enrollment Center, Transportation Service Center and all school sites.

Students shall be eligible for transportation service to and from school if the distance between their school-established bus stop and the school is beyond 1.5 miles.

All middle school students are required to show school identification card prior to boarding the bus.

Students should be at the bus stop five (5) minutes prior to the departure time.

All special education, Pre-kindergarten and kindergarten students are required to be met by a parent/guardian before being released from the school bus.
Interdistrict Attendance
EC 48600 et seq.

Parents/guardians of students living outside the boundary of Oxnard School District may apply for an Interdistrict Transfer. The parent or legal guardian of a pupil seeking an interdistrict transfer must confirm that the pupil will not have to attend a school in any other school district. School districts may enter into agreements for the interdistrict transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to apply for an interdistrict transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled.

Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an interdistrict permit release when no intradistrict permit options are available to a victim of bullying. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

Requests are based on the district’s enrollment and staffing needs. Preferences will be given to pupils whose parents are enlisted in the military. Parents/guardians should contact the Director of Pupil Services at (805) 385-1501 ext. 2161.

Intradistrict Open Enrollment
EC 35160.5(b)

Residents of the Oxnard School District may apply to other schools within the district for their child to attend on a space available basis. Information on each school within the district is provided on the district website www.oxnardisd.org. Transportation to any other school is the responsibility of the parent.

Students who are a victim of bullying shall be allowed an intradistrict permit to transfer if space is available at the same grade level. If there is no “in-district” space to attend, the student may seek an “inter-district” permit to another district without any delay in release from the home district, but it does not guarantee entrance to an outside district. The process to enter another school district will be according to the desired district’s transfer policies. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or

Involuntary Transfer
EC 48980(n) and 48929

A student may be transferred to another district school if he/she is convicted of a violent felony, as defined in Penal Code 667.5(c), or a misdemeanor listed in Penal Code 29805 and is enrolled at the same school as the victim of the crime for which he/she was convicted. Before transferring such a student, the Superintendent or designee shall attempt to resolve the conflict using restorative justice, counseling, or other such services. He/she shall also notify the student and his/her parents/guardians of the right to request a meeting with the principal or designee.

Participation of the victim in any conflict resolution program shall be voluntary, and he/she shall not be subjected to any disciplinary action for his/her refusal to participate in conflict resolution.

The Board shall deliberate in closed session to maintain the confidentiality of student information, unless the parent/guardian or adult student submits a written request that the matter be addressed in open session and doing so would not violate the privacy rights of any other student. The Board’s decision shall be final.

Persistently Dangerous School
20 USC 7912; OSD BP 5116.1

Any student attending a school designated by the California Department of Education as “persistently dangerous” shall be provided an option to transfer to another district school or charter school. For more information, please contact the district’s Director of Pupil Services at (805) 385-1501 ext. 2161.

Residency
EC 48200 and 48204; OSD BP 5111.1; OSD AR 5111.1

A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located.

A pupil may alternatively comply with the residency requirements for school attendance in a school district if he or she is any of the following: placed in a foster home or licensed children’s institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school or origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; or a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order.

Students in military and migrant families may remain in their school of origin and shall have waived residency restrictions due to the frequency of movement of their families. Connect with the enrollment office at (805) 385-1515 for more information on the protections afforded these students per California laws.

A school district may also deem a pupil as having complied with the residency requirements for school attendance in the school district if one or both of the parents or legal guardians of the pupil are physically employed within the boundaries of the school district for a minimum of 10 hours during the school week.

Residency is established when a pupil’s parent or legal guardian resides outside of the boundaries of that school district but is employed and lives with the pupil at the place of his or her employment within the boundaries of the school district for a minimum of three days during the school week.

Residency Investigations
EC 48204.2; OSD BP 5111.1; OSD AR 5111.1
When the Superintendent or designee reasonably believes that a student’s parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency.

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student’s residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district.

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view.

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation.

In order to maximize the opportunities for student and parents/guardians to choose the educational program that best fits their needs, learning potential and interests, the Board of Trustees has developed a two-year phased implementation of modified enrollment process that no longer relies on geographical boundaries, but rather, on student and parent/guardian choice for children entering the 6th grade from a TK-5 school.

2023-2024 Annual Parents’ Rights Notification
For the 2023-24 academic year, the following guidelines shall apply:
1. Students and parents/guardians who select a K-8 school shall endeavor to continue at the K-8 through the 8th grade to receive the benefits of the K-8 experience;
2. Students currently enrolled in a school site will have priority to return to the same school site in the following academic year;
3. All incoming students for all other grades will be accommodated on a first come-first serve, open seat available basis. New incoming students will be accommodated only after current 5th grade students are all accommodated at 6th-8th grade academies of their choosing for the upcoming school year;
4. Each December, the district administration will begin the 5th grade academic enrollment process whereby 5th graders at K-5 schools only will select the 6th-8th grade academy they would like to attend the following year. The district administration shall utilize a randomized, unbiased system to assign school attendance in the event a school is oversubscribed and shall further utilize the following criteria for prioritizing certain student’s choices:
   a. If a student has been the victim of a violent criminal offense
   b. If special circumstances exist that might be harmful or dangerous to a student, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student
   c. To the extent desired by a parent, siblings shall have priority to attend the same school

After all 5th graders are accommodated, students and parents/guardians will continue to have available to them the School of Choice/Intradistrict Open Enrollment option in the event that they would like an intra-district transfer from one school to another. This option shall be available on a first come-first serve, space available basis.

### Property Damage

EC 48904; OSD BP 3515.4 and 6161.2; OSD AR 5125.2

Parents or guardians may be held financially liable if their child willfully damages school property or fails to return school property loaned to the child. The school may further withhold the grades, diploma, and transcript of the pupil until restitution is paid.

### Health and Nutrition

**Availability of USDA School Meals (Free for All Students)**

EC 49510 et seq; OSD BP 3553

Oxnard School District participates in the Community Eligibility Provision at all schools. All students are eligible to receive meals at no charge. No meal application is required.

### Concussion and Head Injuries

EC 49475

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district that elects to offer athletic programs must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete’s participation in a sponsored athletic practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or part of a physical education course.

### Confidential Medical Services

EC 46010.1; OSD BP 5113

School authorities may excuse any pupil in grades 7-8 from the school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian.

### Confidentiality of Medical Information Act

CC 56.10

School linked service coordinators will have access to health care information which complies with federal health insurance requirements. The coordinator must be credentialed and serve with confidentiality requirements per licensed school nurses, marriage and family therapists, educational psychologists, and clinical counselors.

### Controlled Substances: Opioids

EC 49476

School authorities must provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign acknowledgement of receipt of the document annually.
Enrollment Health Screening

HSC 124085, 124100, and 124105; OSD AR 5141.32

State law requires that the parent or legal guardian of each pupil provide the school documentary proof that the pupil has received a health screening examination by a doctor within 90 days after entrance to first grade. Pupils may be excluded up to 5 days from school for failing to comply or not providing a waiver. Contact the Ventura County Health Care Agency, Public Health Department at (805) 981-5101 for information about free health screenings and immunizations.

Immunizations

EC 49403 and 48216; HSC 120335, 120365, 120370, and 120375; OSD BP 5141.31

Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student who parents have consented in writing.

Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

State law requires the following immunizations before a child may attend school:

- All new students, in transitional/regular kindergarten through grade 12, to the Oxnard School District must provide proof of polio, diphtheria, pertussis, tetanus, measles, mumps, rubella, and varicella immunizations.
- All transitional kindergarten and kindergarten students must also provide proof of vaccination against hepatitis B.
- All seventh grade students must also provide proof of a second measles-containing vaccine, and a pertussis booster vaccine.

Free- or low-cost immunizations for children are available through the Ventura County Health Care Agency, Public Health Department. Please call (805) 951-5101 for information.

Local School Wellness Policy

A local school wellness policy (LSWP) is a written document that guides a local educational agency (LEA) or school district’s efforts to establish a school environment that promotes students’ health, well-being, and ability to learn, per the requirements written in SEC. 204 of Public Law 111-206 Local School Wellness Policy Implementation and the Code of Federal Regulation 210.30 and 220.7 and all Final Rule guidance. Oxnard School District has developed a Wellness Policy with Board Policy 5030 located on the district’s website.

Medication Regimen

EC 49414, 49414.7, 49423, and 49423.1; OSD BP 5141.21

The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or other designated employee of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil.

Administration of Epilepsy Medication

In the absence of a credentialed school nurse or other licensed nurse on site at a school, the school district may elect to allow nonmedical employees to volunteer to provide medical assistance to pupils with epilepsy suffering from seizures and receive training in the administration of an emergency anti-seizure medication in the event that the pupil suffers a seizure when a nurse is not available, upon request by a parent or guardian pursuant to subdivision (c). If the school district elects to participate in a program pursuant to this section, the school district shall provide school employees who volunteer pursuant to this section with voluntary emergency medical training to provide emergency medical assistance to pupils with epilepsy suffering from seizures. For more information, contact the district’s Health Services Department at (805) 385-1501 ext. 2181.

Administration of Prescribed Medication for Pupils

Any pupil who is required to take, during the regular school day, medication prescribed by a physician may be assisted by the school nurse or other designated school personnel if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken requesting the school nurse to assist the pupil with prescribed medication as set forth in the physician statement. Student may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting that the student self-administer. All requests are to be approved by school nurse prior to use.

The following is a parent guide and checklist for students that need medication while at school:

[Further information about procedures and forms related to medication administration and emergency medical assistance is provided here.]

[Additional resources and contact information for parents including phone numbers, email addresses, and website links are included here.]
a) Talk to your child’s doctor about making a medicine schedule so that your child does not have to take medicine while at school.
b) If your child is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, give a written note to the school nurse or other designated school employee at the beginning of each school year. You must list the medicine being taken, the current amount taken, and the name of the doctor who prescribed it (EC 49480).
c) If your child must take medicine while at school, give the school a written note from you and a written note from your child’s doctor or other health care provider, who is licensed to practice in California. Provide new, updated notes at the beginning of each school year and whenever there is any change in the medicine, instructions, or doctor (EC 49423).
d) As parent or guardian, you must supply the school with all medicine your child must take during the school day. You or another adult must deliver the medicine to school, except medicine your child is authorized to carry and take by him or herself.
e) All controlled medicine, like Ritalin, must be counted and recorded on a medicine log when delivered to the school. You or another adult who delivered the medicine should verify the count by signing the log.
f) Each medicine your child must be given at school must be in a separate container labeled by a pharmacist licensed in the United States. The container must list your child’s name, doctor’s name, name of the medicine, and instructions for when to take the medicine and how much to take.
g) Pick up all discontinued, outdated, and/or unused medicine before the end of the school year.
h) Know and follow the medicine policy of your child’s school.

**Emergency Treatment for Anaphylaxis**

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to EC 49414 now require school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history.

**Mandated Health Screenings**

- EC 49452, 49452.5, 49454, and 59455; OSD BP 5141.3

**Hearing Screening**

Hearing screening is mandated in kindergarten/first grade and in second, and fifth grades and upon first school entry. Hearing screening in California public schools must be conducted by a credentialed school audiometrist. Evaluation of a student’s hearing may be waived at the parent/guardian’s request if the parent/guardian presents a certificate from either a medical doctor or an audiologist specifying the results of an examination of the student’s hearing.

**Scoliosis Screening**

Each female student in grade 7 and each male student in grade 8 may be screened for scoliosis. This screening shall comply with California Department of Education standards and shall be performed by qualified personnel as specified in law. A letter informing parents of scoliosis screening will go home one week before scheduled screening. If parents wish to exclude their child from scoliosis screening the accompanying letter must be returned to the school no later than the day of screening. The parent/guardian of any student suspected of having scoliosis shall receive a notice which includes an explanation of scoliosis and describes the significance of treatment at an early age.

**Vision Screening**

All students shall be tested for visual acuity when they first enroll in elementary school and every three years thereafter until the student completes grade 8. External observations of the student’s eyes, visual performance and p0erception shall be made by the school nurse and the classroom teacher. For male students, color vision shall be tested one time, after the student reaches grade 1. Results of the test shall be entered into the student’s health record.

Evaluation of a student’s vision may be waived at the parent/guardian’s request if the parent/guardian presents a certificate from either a medical doctor or an optometrist specifying the results of an examination of the student’s vision including visual acuity, and, in male students, color vision.

**Menstrual Products**

EC 35292.6

All schools maintaining any combination of classes from grades 6 to 12, inclusive, shall stock the school’s restrooms at all times with an adequate supply of menstrual products, available and accessible, free of cost, in all women’s restrooms and all gender restrooms, and in at least one men’s restroom.

**Mental Health Services**

EC 49428

In accordance with AB 2022, Pupil mental health services; school notification, the Oxnard School District wants to ensure that parents, guardians, and students are informed about resources available for anyone who believes they are in a mental health crisis. We encourage parents/guardians and student to talk with any adult in the school district if they are concerned about another student and possible mental health needs.

In order to initiate access to available pupil mental health services, you may contact the following mental health provider: Ventura County Behavioral Health at (866) 998-2243.

The Oxnard School District will notify parents at least twice per year. This is one time through our Annual Notifications, and we will also notify you again a second time during the school year by mail or by other commonly used method of notification.

**Oral Health Assessment**

EC 49452.8; OSD AR 5141.32

Record of a dental assessment done by a dental professional is required for all kindergarteners and first graders attending public school for the first time. Dental assessments must be completed in the 12 months prior to entry or by May 31 of the pupil’s first school year.

**Physical Examination**

EC 49451; OSD AR 5141.3

A parent or guardian may file annually with the school principal a written statement, signed by the parent or legal guardian, withholding consent to a physical examination of the pupil. However, whenever there is good reason to believe that the pupil is suffering from a recognized contagious or infectious disease, the pupil shall be sent home and shall not be permitted to return until school authorities are satisfied that the contagious or infectious disease no longer exists.

**Type 1 Diabetes Information**

EC 49452.6

On and after January 1, 2023, the governing board of a school district, county board of education, and governing body of a charter school shall make the Type I Diabetes informational materials accessible to the parent or guardian of a pupil when the pupil is first enrolled in elementary school, or with the information provided pursuant to Section 48980. Information provided to parents and guardians pursuant to this section may include, but shall not be limited to, all of the following:

The Description of Type I Diabetes: if you have Type I Diabetes, your pancreas does not make insulin or makes very little insulin. Insulin
Type 2 Diabetes Information

EC 49452.7

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County.

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- Inactivity. Being inactive further reduces the body's ability to respond to insulin.
- Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has already developed type 2 diabetes (a condition which may lead to type 2 diabetes). There are different screening tests that are available through a health practitioner.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Section 504 – Services for Students with Disabilities

29 USC 794; 34 CFR 104.32; OSD BP 6164.4

Screening and Evaluation Process
The district will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. This referral should be made to the school principal or 504 School Site Coordinator who will convene a 504 Committee meeting. The 504 Committee shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The evaluation of the student must be sufficient for the 504 Committee to accurately and completely describe: (a) the nature and extent of the disabilities, (b) the student’s special needs, and (c) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and offered by the student’s teachers and parent/guardian.

Section 504 Plan
For each identified disabled student, the 504 Committee will develop a 504 Plan describing the student’s disability and the regular or special education and/or related aids needed. The Plan will specify how the special education and/or related aids and services will be provided to the disabled student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented. The parents/guardians shall be notified in writing of the final decision concerning the student’s identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.

Procedural Safeguards
1) The parent/guardian shall be notified in writing of all actions regarding the identification, evaluation, and educational placement of a student who, because of a disability, needs, or is believed to need, special instruction or related services pursuant to Section 504. Notifications will include a statement of parent/guardian rights to:
   a. Examine relevant records. Upon parent/guardian request, records may be reviewed at the school site or at the District Office. Copies of student records may be obtained within five (5) business days of the request pursuant to District policies.
   b. Have an impartial hearing with opportunity for participation by the parent/guardian and his/her counsel.
   c. Seek review in federal court if the parent/guardian disagrees with the hearing decision.

Child Abuse & Neglect Reporting

PC 11184

The Oxnard School District is committed to protecting all students in its care. All employees of the District are considered mandated reporters, required by law to report cases of child abuse and neglect whenever there is reasonable suspicion abuse or neglect has occurred. District employees may not investigate to confirm a suspicion.

All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (i.e., Police or Sheriff’s Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.

Parents and guardians of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. Complaints may be filed with the local law enforcement agency; you may also the notify the District of an incident by contacting Dr. Victor Torres, Assistant Superintendent of Human Resources, at (805) 385-1501 ext. 2050.

To stop a disturbance threatening physical injury to people or damage to property;

1. For purposes of self-defense;
2. To obtain possession of weapons or other dangerous objects within control of a student;

Safe Storage of Firearms

PC 25100-25125, PC 25200-25220, PC 25105, PC 25205 & CC 1714.3.

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Oxnard School District of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

• With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, either on the premises that are under their custody and control or in a location where the person knows or reasonably should know that a child is likely to gain access to the firearm through the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.

   o Note: The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

• With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a locked container or secured with a locking device that renders the firearm inoperable.

   1. See California Penal Code sections 25100 through 25125 and 25200 through 25220.

   2. See California Penal Code section 25100(c).

   3. See California Civil Code Section 28805.

   4. See California Civil Code Section 1714.3.

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

School Bus Safety

EC 39831.5; OSD AR 3543

All pupils in pre-kindergarten, kindergarten and grades 1 to 6, shall receive written information on school bus safety (i.e., a list of school bus stops near each pupil’s home, general rules of conduct at school bus loading zones, red light crossing instructions, school bus danger zone, and walking to and from school bus stops). Prior to departure on a school activity trip, all pupils riding on a school bus or school activity bus shall receive safety instruction that includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit.

School Safety: Bullying

EC 234.4, EC 32283.5 & OSD BP 5131.2

The Oxnard School District is committed to the prohibition of discrimination, harassment, intimidation, and bullying. Annual training will be provided to all staff who work with students, to prevent bullying and cyberbullying. If you or your child should experience any bullying on campus, at school events, or on the way to or from school, please contact the Director of Pupil Services at (805) 385-1501 ext. 2161 to assist you in identifying and stopping this behavior.

Suicide Prevention

EC 215 & OSD BP 5141.52

The Board of Trustees recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and postvention. Information is available to both parents/guardians and students and can be located on the district’s website, in the school office, or you may contact the district’s Director of Pupil Services at (805) 385-1501 ext. 2161 for further information.

Tobacco-free Campus

HSC 104420 and 104495; OSD BP 3513.3

The Board of Trustees recognizes that smoking and the other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with district goals to provide a healthy environment for students and staff.

The Board prohibits smoking and/or the use of tobacco products at any time in district-owned or leased buildings, on district property, and in district vehicles.

These prohibitions apply to all employees, students and visitors at any school-sponsored instructional program, activity or athletic event held on or off district property. Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district's tobacco-free schools policy and consequences for violations of the policy.

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking. Tobacco products include:

1. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff.

2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah.

3. Any component, part, or accessory of a tobacco product, whether or not sold separately.
This policy does not prohibit the use or possession of prescription products and other cessation aids that have been approved by the U.S. Department of Health and Human Services, Food and Drug Administration, such as nicotine patch or gum.

Smoking or use of any tobacco-related products or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

School Environment

Cell Phones, Mobile Communications Devices
EC 48901.5; OSD BP 5131
Students may possess or use on school campus a personal cell phone for emergency communication only. If a disruption occurs or a student uses any mobile communications device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If the school employee finds it necessary to confiscate the device, he/she shall follow school guidelines for confiscating/returning cell phones.

Dress and Grooming
EC 35183; OSD BP 5132; OSD AR 5132
The Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

If a site administrator not designated as a compliance officer receives a complaint, the site administrator shall notify the compliance officer.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist in the filing of the complaint.

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy may be filed by any individual, public agency, or organization.

2. Any complaint alleging noncompliance with law regarding the prohibition against fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee.

3. A UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying, shall be filed no later than one year from the date the alleged violation occurred. For complaints related to the LCAP, the date of the alleged violation is the date when the County Superintendent of Schools approves the LCAP that was adopted by the Governing Board.

4. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges having personally suffered unlawful discrimination, a person who believes that any specific class of individuals has been subjected to unlawful discrimination, or a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying.

5. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request.

At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

Mediation
Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation to resolve the complaint. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to permit the mediator access to all relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint
Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the complaint officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses and/or individuals pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination harassment, intimidation, or bullying, the compliance officer shall interview the alleged victim(s), any alleged offender(s), and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

Refusal by the district to provide the investigator with access to records and/or information related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant.

Timeline for Investigation Report
Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written investigation report, as described in the section "Investigation Report" below, within 60 calendar days of the district's receipt of the complaint.

For any complaint alleging unlawful discrimination harassment, intimidation, and bullying, the respondent shall be informed of any extension of the timeline agreed to by the complainant.

Investigation Report
For all complaints, the district's investigation report shall include:

1. The findings of fact based on the evidence gathered.
2. A conclusion providing a clear determination for each allegation as to whether the district is in compliance with the relevant law;
3. Corrective actions, whenever the district finds merit in the complaint, including, when required by law, a remedy to all affected students and parents/guardians and, for a student fees complaint, a remedy that complies with Education Code 49013 and 5 CCR 4600.
4. Notice of the complainant’s right to appeal the district’s investigation report to CDE, except when the district has used the UCP to address a complaint not specified in 5 CCR 4610

5. Procedures to be followed for initiating an appeal to CDE

When an employee is found to have committed retaliation or unlawful discrimination harassment, intimidation, or bullying), the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes, courses without educational content, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint.

1. A copy of the original complaint
2. A copy of the district’s investigation report

The preschool administrator or designee shall remedy a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received. If the complainant has indicated on the complaint form a desire to receive a response to the complaint, the preschool administrator or Superintendent’s designee shall, within 45 working days of the initial filing of the complaint, report the resolution of the complaint to the complainant and CDE’s assigned field consultant. If the preschool administrator makes this report, the information shall be reported at the same time to the Superintendent or designee. (2) If the principal or the superintendent of schools makes determination as described in paragraph (1), he or she is encouraged to do so as quickly as possible to ensure that the pupil does not lose instructional time.

(b) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

Reasonable pupil means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

A pupil shall not be suspended or expelled for any of the acts enumerated in this section unless the act is related to a school activity or school attendance occurring within a school under the jurisdiction of the superintendent of the school district or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are enumerated in this section and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:

1. While on school grounds.
2. While going to or coming from school.
3. During the lunch period, whether on or off the campus.

A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, pursuant to this section, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (a).

As used in this section, “school property” includes, but is not limited to, electronic files and databases.

For a pupil subject to discipline under this section, a superintendent of the school district or principal may use his or her discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil’s specific misbehavior as specified in Section 48900.5.

It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

Sexual Harassment

EC 48900.2

In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5.

For the purposes of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual’s academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

Terroristic Threats

EC 48900.7

(a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.

(b) For the purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

2023-2024 Internet and Network-Attached Devices Use Policy

1 to 1 Device Program & Student Acceptable Use Agreement

Use of Oxnard School District technology is intended to support your academic success. You must read and agree to follow the district 1:1 device program rules and network rules below to use your district issued equipment and network accounts.

Oxnard School District 1:1 Device Program

The Oxnard School District, hereinafter referred to as Oxnard School District, has a strong commitment to providing a quality educational curriculum for its students, including access to and experience with technology. Oxnard School District's goals for technology in education include promoting educational excellence in schools by facilitating resource sharing, innovation, and communication; providing appropriate access to all students; supporting critical and creative thinking; fully integrating technology into the daily curriculum; promoting collaboration and entrepreneurship; and preparing students and educators to meet the challenge of a highly technological and information-rich society.

In the continuous effort to provide the best education and opportunities for our students, all Pre-K through 8th grade students will be assigned a device that will be used both at home and in school to support and enhance student learning and achievement. In order to sustain our 1 to 1 initiative, the Oxnard School District has opted into an extended warranty on all devices that covers normal wear and tear damages. However, just like with textbooks, we know there is a financial liability associated with a device if it becomes lost or stolen.

It is the responsibility of the parent/guardian to pay for lost accessories or damages outside of normal wear and tear. Parent/Guardians are also responsible for the full replacement cost of $413 for lost or stolen devices unless you choose to purchase insurance. The District has brokered an insurance deal with School Device Coverage insurance for families interested in purchasing lost/stolen device insurance for the nominal fee of $12.00. Information will be sent home with your student or you may visit www.schooldevicecoverage.com/signup for additional information. We are pleased to offer this educational opportunity for our students. If you have specific questions regarding the 1 to 1 device program, please contact your school principal.

If you DO NOT want your student to participate in the Oxnard School District 1:1 Device Program you must contact your school site principal to discuss your concerns.

Student Email and Online Productivity Software Account

The Oxnard School District (OSD) offers a number of programs to enhance student learning. Excellence in education requires that technology is seamlessly integrated throughout the instructional program. One of the programs OSD is proud to offer is Google Apps for Education (GAFE) in order to:

- Extend learning in and out of the classroom
- Introduce and advance 21st Century technological skills
- Create an online forum that is safe for student learning

Available Tools

The following services are available to each student and hosted by Google as part of OSD’s domain in GAFE. GAFE allows teachers and students to communicate and collaborate in a safe, controlled online environment using:

- Gmail: an individual email account for school use only that is managed by OSD. This email address only works internally. That means that students will only be able to send and receive emails within the OSD Google Apps domain.
- Google Drive: a word processing, spreadsheet, drawing, and presentation toolset that is similar to Microsoft Office. These documents are available to students both at home and at school, making the completion of school projects easier.
- Calendar: an individual calendar providing the ability to organize schedules, daily activities, and assignments.
- Google Sites: a website builder that allows students to create digital portfolios and organize their work for presentation, as well as collaborate on secure student-created wikis.
- Google Classroom: a Google-specific, learning management system that teachers may choose to use with students.

Student Online Safety

This program includes a number of safeguards to protect students:

- All advertising has been turned off for OSD’s presence in GAFE.
- No personal student information is collected for commercial reasons.
- Electronically stored student information will be treated as private, secure student data.
- Students will not be able to communicate with the outside world, unless explicitly allowed by the Oxnard School District to support the educational program.
- School staff will be responsible for monitoring the students’ use of the apps while at school. Parents are responsible for monitoring their child’s use when they are accessing programs from home.

Student Behavior Guidelines and Digital Citizenship

General Use:

- Consistent with OSD’s student Acceptable Use Policy (AUP), students are responsible for the appropriate use of the school district provided internet, e-mail and other technologies at all times. The Student AUP and Discipline Handbook can be found at the OSD website (www.oxnardsd.org). Use of Google Apps is a privilege and can be revoked at any time.
- To support the learning environment, OSD reserves the right to access a student’s Google account, including current and archival files of user data, when deemed appropriate by school and district administrators.

Digital Citizenship

- Students are expected to follow all copyright laws. If there is a question regarding copyright, please consult with the teacher.
- Academic honesty is expected per OSD Board Policy # 5131.9. Students are to complete their own work, referencing sources as required.
- Students are responsible for the OSD account, and are not to access another student’s account.
- Students are responsible for using appropriate language, both in class and online.

The district strongly believes in the educational value of Internet and web-based academic applications. Students will have access to online tools that enable them to effectively communicate, collaborate, and create. By providing this access we promote academic excellence and prepare students to be college and career ready.

If you DO NOT want your student to have access to district provided Internet, electronic devices, or web-based academic applications at school, please contact your school site principal to discuss your concerns.

Oxnard School District reserves the right to make changes to this document to address future technology developments or curriculum needs.
